RE: Notice of Change of Water Right Ownership (NCO) for 31-129 & 31-130
and Notice of Completed Administrative Proceeding (NCAP)

Dear Ms. Lent:

On January 7, 2002, the Idaho Department of Water Resources (IDWR) received an NCO changing the right holder for the above referenced water right(s). Based on this NCO, IDWR water right records for the Snake River Basin Adjudication (SRBA) have been updated.

Furthermore, as directed by the SRBA Court, this office mailed a copy of the updated water right record(s) to each party listed on the enclosed NCAP. The intent of this mailing is to ensure each party has a current record of water right(s) as recorded in the SRBA.

Please feel free to contact me if you have any questions concerning this matter.

Respectfully,

Jennifer Crabtree

Mr. Dave Carlson,

As per our discussion concerning the irrigation allotment at our property located in Clark County, ID. **SRBA CASE # 39756.....SUBCASE#31-00129**. We have two listed points of diversion for water usage; the first is above our property line on the Targhee National Forrest. This diversion was based upon a man made pond which was removed in the early eighties by the US Forrest Service, thus we could no longer properly flood irrigate our property using this diversion. Along with the steam that flows through our property we have a man made pond that my Father (Lynn Lent) pumped water from to irrigate our allotted acreage whenever water was available. I can recall as early as 1982 helping my father lay out plastic pipe and working on various pumps. We are currently (Nov. of 2001) planning on trenching in new pipe throughout our property in the spring of 2002 for irrigation purposes. Please let me know if I can be of any further assistance in this matter.

Thank you for your time,

John Lent
