RE: EVIDENCE TO SUPPORT BENEFICIAL USE OF SNAKE RIVER BASIN
ADJUDICATION (SRBA) CLAIM(S) A31-00181

Dear Mr. Siepert:

The Idaho Department of Water Resources is reviewing SRBA claims in the Kilgore area of Basin 31. Our office conducted a field exam of the above referenced claim(s) but failed to find evidence of beneficial use. Idaho Code 42-222, paragraph 2 states, "All rights to the use of water . . . shall be lost and forfeited by a failure for the term of five (5) years to apply it to the beneficial use for which it was appropriated . . ."

To avoid forfeiture, please provide evidence of water delivery and payment of the water district assessment prior to 1987. This proof must be provided within 21 days of receipt of this letter to avoid a disallowal recommendation to the Snake River Basin Adjudication court.

If you no longer own the property appurtenant to the above referenced claim, please contact our office so we can notify the current owner of this matter.

Sincerely,

For Allen Ruberry

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

We disagree that the claim disposition should be disallowed based upon a claim that it has been forfeited/abandoned due to non-use from 1960 to 1987.

2. Describe the changes you wish to make in the proposed recommendation:

The decreed right of 2.8cfs with a priority date of 5-01-1900 for irrigation and stock water out of West Camas Creek should be allowed in full.

3. Give a brief explanation as to why you disagree with these portions: **Due to its location adjacent to West Camas Creek, the place of use receives a significant amount of water naturally diverted from West Camas Creek, and its tributaries thus not requiring any manual diversion of the 2.8cfs in most years. The natural diversions include, but are not limited to, beaver dams in West Camas Creek and sub water from West Camas Creek and its tributaries. RE: EVIDENCE TO SUPPORT BENEFICIAL USE OF SNAKE RIVER BASIN
ADJUDICATION (SRBA) CLAIM(S) A31-00181

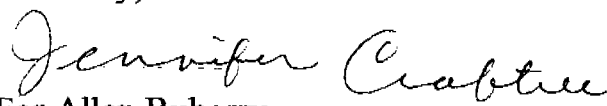

Dear Mr. Siepert:

The Idaho Department of Water Resources is reviewing SRBA claims in the Kilgore area of Basin 31. Our office conducted a field exam of the above referenced claim(s) but failed to find evidence of beneficial use. Idaho Code 42-222, paragraph 2 states, "All rights to the use of water . . . shall be lost and forfeited by a failure for the term of five (5) years to apply it to the beneficial use for which it was appropriated . . ."

To avoid forfeiture, please provide evidence of water delivery and payment of the water district assessment prior to 1987. This proof must be provided within 21 days of receipt of this letter to avoid a disallowal recommendation to the Snake River Basin Adjudication court.

If you no longer own the property appurtenant to the above referenced claim, please contact our office so we can notify the current owner of this matter.

Sincerely,
