1. Describe the portion of the proposed recommendation with which you disagree (e.g priority date, period of use, source):

Tributary

2. Describe the changes you wish to make in the proposed recommendation:

Rattlesnake Creek may be a tributary to Threemile Creek?

3. Give a brief explanation as to why you disagree with these portions:

Rattlesnake may be a tributary to Threemile Creek instead of Beaver Creek. Rattlesnake joins Threemile before Threemile flows into Beaver Creek. In the Suave Decree Rattlesnake is called a tributary to Beaver Creek.

Farren Martin, being first duly sworn upon oath, deposes and says:

That I am sixty years of age and am a resident of Bonneville County, Idaho, and make this affidavit at the request of the Hagenbarth Family relative to the history and use of irrigation waters in the Rattlesnake Creek Area, Clark County, Idaho.

In the early 1940's my Father purchased land on Rattlesnake Creek, a few miles east of Spencer in Clark County, Idaho. In the early 1940's most of Rattlesnake Creek water was diverted and used to irrigate land lying north of the Spencer-Kilgore road. During the late 1940's and early 1950's land lying south of the Spencer-Kilgore Road and in Sections 21, 22, 27 and 28 in T12N,R37E, was cultivated and use to raise hay and small grains. As this land became developed, Rattlesnake water was used to irrigate the crops. Also any water from Corral Creek which ran into Rattlesnake was used on the above ground. Rattlesnake and Corral Creeks provide the only stockwater below the Spencer-Kilgore Road in Sections 21, 22, 27, 28, and 33 in T12N,R37E. As early as 1940 I could always remember water being diverted into a ditch which serviced the desert south of Rattlesnake Creek. This ditch was enlarged and extended and now has a course which runs in a southwesterly direction through Sections 27, 28, 32, and 33, T12N,R37E. Because of all the lava in the area, it takes a couple cubic feet per second of water to insure a

Dear Mr. Carlson:

I am writing in concern of Judge Hurlbutt's recent decision in regard to the constitutionality of newly passed legislation, 42-1425, 1426, 1427 respectively. The majority of water rights I have filed are based on a decree that is 60 plus years old. If one is to accurately reflect current use, the major components of each filing often vary from the decree. These changes all occurred before the adjudication and are reflected in the adjudication filing, but do not meet the requirements of 42-108 and 42-222. New legislation exempts the requirements of 42-108 and 42-222 except for the consent requirements of 42-108. This letter is to notify you that I intend to meet the consent requirements of 42-108 on all the filings that I made in the adjudication, if necessary, so my water rights as filed are protected. My problem is that I have no forms, have not been notified by your office as to procedure, have 30 days of a 60 day period left and am confused. I am making an request of inquiry as to action I should take. Thanks for your attention.

Sincerely,

Jim Hagenbarth
