CLAIMANTS' IRRIGATION SYSTEM COMBINES WATER FROM DRY CREEK FROM THREE DIFFERENT LICENSES TO IRRIGATE 1092 ACRES. WATER FROM EACH RIGHT CAN BE USED ON ANY OF THE 1092 ACRES, THEREFORE IT MAKES A MORE ACCURATE FILING TO INCLUDE THE TOTAL ACREAGE FOR EACH RIGHT AND NOT JUST A LIMITED ACREAGE BASED SOLEY ON THE AMOUNT OF WATER HELD BY EACH RIGHT. CONSEQUENTLY, THE AMENDED CLAIM.

STANDARD FORM 4

MOTION TO FILE:

☐ LATE NOTICE OF CLAIM

☒ AMENDED NOTICE OF CLAIM

INSTRUCTIONS

This form is used to file a late Notice of Claim or an amendment to a Notice of Claim in a reporting area where the Director's Report has been filed. Forms may be obtained from the SRBA Court, the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form. If you copy or reproduce this form, please copy on both sides with the even number pages upside down.

The water right number for your late or amended claim must be indicated above in the blank space following "Subcase." You must use a **separate form for each** late or amended Notice of Claim

This form has been adopted by the court in *SRBA Administrative Order 1, Rules of Procedure* (amended Sept. 30, 1996), Section 4, which may be consulted for further information.

By filing a *Motion to File a Late Notice of Claim* or a *Motion to File an Amended Notice of Claim*, you certify that it is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and is not filed for any improper purpose, such as to harass, cause unnecessary delay, or needlessly increase the cost of litigation.

☐ I have read SRBA *Administrative Order 1, Rules of Procedure* (amended Sept. 30, 1996).

My name is _____

My address is _____

My phone number is: Work _____ Home _____

I am an attorney representing Margaret Hagenbarth, David J. Hagenbarth and James F. Hagenbarth

My name is John M. Marshall

My address is 277 North 6th Street, Suite 200, P.O. Box 2720, Boise, ID 83701-2720

My phone number is (208) 388-1270

MOTION TO FILE A LATE NOTICE OF CLAIM

A Motion to File a Late Notice of Claim will require a hearing before the Presiding Judge.

☐ I did not file a Notice of Claim to the use of water in the SRBA because:

☐ I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

☐ I am providing legal and factual documentation for my claimed use of water. You must describe these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you **must** attach a copy of your Notice of Claim.)

I have attached:

- ☐ A fully completed Notice of Claim (available from IDWR).
- ☐ A claim filing fee for a domestic and stock watering use. IDWR may charge this fee pursuant to I.C. § 42-1414. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$ ____.
- ☐ A claim filing fee and a late claim fee for those claims other than a domestic or stock watering use for which a notice of a claim was not filed. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho, Department of Water Resources in the amount of \$ ____.

Follow these instructions regarding the hearing on this motion.

1. Contact the Clerk of the SRBA Court (208-736-3011) to request a hearing date and time.
2. Fill in the following information:

This motion will be heard on _____
(Insert Date and Time)
at the SRBA courthouse, 253 Third Avenue North, Twin Falls, Idaho.

MOTION TO FILE AN AMENDED NOTICE OF CLAIM

A Motion to File an Amended Notice of Claim may require a hearing before the Presiding Judge or Special Master or may be granted by leave of the court or by written consent of the parties and the Idaho Department of Water Resources. Leave to amend a claim shall be freely given when justice so requires.

- ☒ I must amend my Notice of Claim to the use of water in the SRBA because:

The legal description for the point of diversion was incorrectly described as claimed and recommended by IDWR, and further request that the Court allow us to amend the Notice of Claims for the use of the water in the SRBA because the place of use as recommended by IDWR includes 3.1 acres of land owned by the Idaho Department of Lands which should be removed from the place of use, and further that the place of use as recommended by IDWR includes .5 acres of land which was not originally claimed.

Hagenbarths filed four (4) Notices of Claim for Dry Creek water in the SRBA. Those Claims are 31-02274, 31-02275, 31-10245, and 31-10740. The claimed point of diversion for each Dry Creek Claim was the NENWSW of Section 9, T13N, R40E, Clark County. The claimed point of diversion legal description was recommended by the Idaho Department of Water Resources (IDWR) for each Notice of Claim mentioned above.

The United States of America, acting through the USDA Forest Service (hereinafter the "Forest Service"), filed an Objection to the point of diversion of water right claim/subcase 31-10245. The Forest Service objection indicated that the legal description for the point of diversion would be more accurately described as being located in the NWNWSW of Section 9, T12N, R40E, Clark County.

After meeting with representatives of the Forest Service and IDWR on Wednesday, January 16, 2002, in Rexburg, Idaho, the claimants agree that the point of diversion of their Dry Creek water rights would be more accurately described as being located in the NWNWSW of Section 9, T13N, R40E, Clark County. All parties agree that the point of diversion should be changed accordingly on each of the four (4) Dry Creek water right claims listed previously.

In addition, the Amended Notice of Claim removes a total of 3.1 acres from the place of use and adds .5 acres to the place of use pursuant to the objection of the Idaho Department of Lands (IDL) and the Response of the Forest Service. Settlement discussions conducted with the representatives of IDL, IDWR, and the Forest Service resulted in a consensus that the place of use should be amended.

- ☐ I am providing legal and factual documentation to support my amended Notice of Claim. You must describe these documents and attach a readable copy.

I have attached:

- ☒ An amended Notice of Claim (available from IDWR).
☐ Payment of the following additional fees required by IDWR:

No additional fees required

In Addition: There is now a way to research water rights over the Internet. The system is a graphical or text query system and can be accessed from the IDWR home page:

<http://www.idwr.state.id.us>

From that link, select "Snake River Basin Adjudication" toward the lower left hand of the screen. Then select "Map" or "Text" on the next page.

"TEXT" lets you search water rights via Name, Legal, Source, etc.

Enter in the information you know. Information can be entered under more than one tab. After you have completed entering your information, select "Search"

"MAP" allows you to search water rights graphically.

Use the tools on the Left side of the screen to Zoom in and out. To find out what each button does, hold the cursor over the button for a second. To the Right side of the screen are different layers that can be turned on or off. As you zoom in to your place in question, different layers will appear on the right side of the screen.

A HELP function is available within the application or you can call 1-800-451-4129 or (208)327-7906 for help.

MOTION TO FILE:☐ LATE NOTICE OF CLAIM☒ AMENDED NOTICE OF CLAIM**INSTRUCTIONS**

This form is used to file a late Notice of Claim or an amendment to a Notice of Claim in a reporting area where the Director's Report has been filed. Forms may be obtained from the SRBA Court, the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form. If you copy or reproduce this form, please copy on both sides with the even number pages upside down.

The water right number for your late or amended claim must be indicated above in the blank space following "Subcase." You must use a separate form for each late or amended Notice of Claim

This form has been adopted by the court in *SRBA Administrative Order 1, Rules of Procedure* (amended Sept. 30, 1996), Section 4, which may be consulted for further information.

By filing a *Motion to File a Late Notice of Claim* or a *Motion to File an Amended Notice of Claim*, you certify that it is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and is not filed for any improper purpose, such as to harass, cause unnecessary delay, or needlessly increase the cost of litigation.

☐ I have read SRBA *Administrative Order 1, Rules of Procedure* (amended Sept. 30, 1996).

My name is _____

My address is _____

My phone number is: Work _____ Home _____

I am an attorney representing Margaret Hagenbarth, David J. Hagenbarth and James F. Hagenbarth

My name is John M. Marshall

My address is 277 North 6th Street, Suite 200, P.O. Box 2720, Boise, ID 83701-2720

My phone number is (208) 388-1270

MOTION TO FILE A LATE NOTICE OF CLAIM

A Motion to File a Late Notice of Claim will require a hearing before the Presiding Judge.

☐ I did not file a Notice of Claim to the use of water in the SRBA because:

☐ I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

☐ I am providing legal and factual documentation for my claimed use of water. You must describe these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you must attach a copy of your Notice of Claim.)

I have attached:

- ☐ A fully completed Notice of Claim (available from IDWR).
- ☐ A claim filing fee for a domestic and stock watering use. IDWR may charge this fee pursuant to I.C. § 42-1414. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$ ____.
- ☐ A claim filing fee and a late claim fee for those claims other than a domestic or stock watering use for which a notice of a claim was not filed. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho, Department of Water Resources in the amount of \$ ____.

Follow these instructions regarding the hearing on this motion.

1. Contact the Clerk of the SRBA Court (208-736-3011) to request a hearing date and time.
2. Fill in the following information:

This motion will be heard on _____

(Insert Date and Time)

at the SRBA courthouse, 253 Third Avenue North, Twin Falls, Idaho.

MOTION TO FILE AN AMENDED NOTICE OF CLAIM

A Motion to File an Amended Notice of Claim may require a hearing before the Presiding Judge or Special Master or may be granted by leave of the court or by written consent of the parties and the Idaho Department of Water Resources. Leave to amend a claim shall be freely given when justice so requires.

- ☒ I must amend my Notice of Claim to the use of water in the SRBA because:

The legal description for the point of diversion was incorrectly described as claimed and recommended by IDWR, and further request that the Court allow us to amend the Notice of Claims for the use of the water in the SRBA because the place of use as recommended by IDWR includes 3.1 acres of land owned by the Idaho Department of Lands which should be removed from the place of use, and further that the place of use as recommended by IDWR includes .5 acres of land which was not originally claimed.

Hagenbarths filed four (4) Notices of Claim for Dry Creek water in the SRBA. Those Claims are 31-02274, 31-02275, 31-10245, and 31-10740. The claimed point of diversion for each Dry Creek Claim was the NENWSW of Section 9, T13N, R40E, Clark County. The claimed point of diversion legal description was recommended by the Idaho Department of Water Resources (IDWR) for each Notice of Claim mentioned above.

The United States of America, acting through the USDA Forest Service (hereinafter the "Forest Service"), filed an Objection to the point of diversion of water right claim/subcase 31-10245. The Forest Service objection indicated that the legal description for the point of diversion would be more accurately described as being located in the NWNWSW of Section 9, T12N, R40E, Clark County.

After meeting with representatives of the Forest Service and IDWR on Wednesday, January 16, 2002, in Rexburg, Idaho, the claimants agree that the point of diversion of their Dry Creek water rights would be more accurately described as being located in the NWNWSW of Section 9, T13N, R40E, Clark County. All parties agree that the point of diversion should be changed accordingly on each of the four (4) Dry Creek water right claims listed previously.

In addition, the Amended Notice of Claim removes a total of 3.1 acres from the place of use and adds .5 acres to the place of use pursuant to the objection of the Idaho Department of Lands (IDL) and the Response of the Forest Service. Settlement discussions conducted with the representatives of IDL, IDWR, and the Forest Service resulted in a consensus that the place of use should be amended.

- ☐ I am providing legal and factual documentation to support my amended Notice of Claim. You must describe these documents and attach a readable copy.

I have attached:

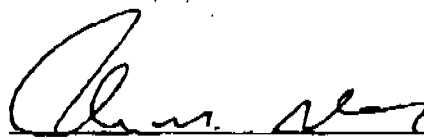

- ☒ An amended Notice of Claim (available from IDWR).
- ☐ Payment of the following additional fees required by IDWR:
- No additional fees required

The State of Idaho, through the Idaho Department of Lands, is the owner of a portion of the land upon which use is claimed. This land is State Public School endowment land. This land is more particularly described as the SW¼SW¼ of Section 10, Township 13 North, Range 40 East, Boise Meridian, the NW¼SW¼ of Section 11, Township 13 North, Range 40 East, Boise Meridian, and the SE¼NW¼ of Section 26, Township 13 North, Range 40 East, Boise Meridian. RE: Hagenbarth Dry Creek-Sheridan Creek
Water Delivery System

I am representing the claimants in the filing of their water rights in the Snake River Basin Water System. The claimants are Margaret Hagenbarth, David J. Hagenbarth and James F. Hagenbarth.

The claimants' predecessor, Father-in-law and Grandfather respectively, F. J. Hagenbarth, diverted waters of Sheridan Creek and Dry Creek on September 24, 1912. Part of this water was licensed for use on lands now owned by the claimants. As testimony to the above facts, see Warranty Deed filed on July 17, 1944 in Book 12 of Deeds at page 319 in the Clark County Clerk and Recorder's office and also water license # 8990/21-2054 on file with the Department of Water Resources. The deed clearly proves the claimants' control and ownership of 590 acres which were claimed as place of use by F. J. Hagenbarth in License # 21-2054. Since the claimants' predecessor, D.V. Hagenbarth, passed ownership of the above described land to the claimants via an estate, it follows that 590 miner's inches (11.8 c.f.s.) from 21-2054 belong to the claimants. Also note on Sheet #2 of the diagram on the water license that the original points of diversion are identical to those the claimants use at present. Please note on Sheet #2 that the Dry Creek source includes both the east and west forks and note the three canals leaving the point of diversion, one with a southerly course and the other two with easterly courses, but one lying more northerly. Note on sheet #2 the pond which lies in Lot 7(SWSW) of Section 6, T13NR41E. This pond is identical to Morrain Springs which is a tributary to Sheridan Creek and is the Sheridan Creek source diverted by the claimants. The point of diversion used by the claimants for Morrain Springs is identical to Sheet #2 and lies in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6, T13NR41E. There is no question that the sources and PD's identified in this filing are identical to the sources being used by the claimants presently.

In 1943 my Father, D.V. Hagenbarth finished construction of a water delivery system which pooled the waters from many sources in the area and put the waters to an even greater beneficial use. The system is a sub-flood irrigation system with slow gradient ditches capable of handling and distributing either large or small flows of water. Mr. Hagenbarth applied for additional water out of Dry Creek as evidenced by licenses #31-2274 and #31-2275. As the years progressed this system has developed so as to put water from 8 different sources to a beneficial use on lands owned by the claimants. This use is a result of utilizing the waters from 12 different water rights on lands lying both north and south of Sheridan Ridge in T13NR40E. Of these 12 water rights, six are licenses and 6 are claims based on use. The sources are Dry Creek, Woody Headquarters Spring, Headquarters Spring, two unnamed springs, Mud Creek, Kick Creek, and Morrain Springs. Each source contributes to the water delivery system.

MICROFILMED

APR 14 1994

(continued-Hagenbarth water delivery system)

but will have an independent land list depending upon where the source enters the system. The total system includes 1274 acres. 1092 acres will be attached to the Dry Creek sources, an additional 163 acres will be attached to the Kick Creek filing and the remaining 19 acres will be included with Morrain Springs.

Water right #21-2054 will be separated into two rights so that those waters diverted by said right from Dry Creek will be separate from those waters diverted from Morrain Springs. By doing this it will return each right to its respective district so the user can be billed properly and the rights can be regulated correctly according to priority dates. Morrain Spring is in District 21 and Dry Creek is in District 31. 8.00 c.f.s. will be claimed for Dry Creek and 3.8 c.f.s. for Morrain Spring via 21-2054.

All the sources except Morrain Springs have the same characteristics as most creeks in this area in that the spring flow is tremendous and the summer flow is very minimal, consequently the total c.f.s.'s appropriated seem rather large for the place of use in regard to one miner's inch per acre. This maximum use is short lived. In early spring the maximum flow of water claimed has been used on the lands designated, but only for a short period of time. Later on in the summer it is not unusual for only stockwater to be available.

These comments will be included in each of the filings on all the sources of water that are put to beneficial use by the water delivery system constructed by D.V. Hagenbarth. Included with many of the filings are separate comments dealing with each individual source.

Sincerely,

James F. Hagenbarth

RE: Wildlife water use

The claimant and their predecessors have diverted water onto the lands claimed as place of use since the date of priority listed for the source. These waters have traveled through the course provided by the conveyance facilities and have been put to beneficial use. This use has not been limited just to stockwater and irrigation, but has also benefitted the wildlife residing on the claimants' private land where the other uses occur. This wildlife use includes both game and nongame species, from the smallest water dependent organisms, to members of the bird, reptile, amphibian, and mammal species. Water consumption by wildlife is minimal, but the diversion of several c.f.s. may be necessary to provide this beneficial use, along with the other uses claimed for the source. Most often on the claimants' land beneficial use for wildlife occurs in conjunction with the other uses claimed, but this necessarily does not, and in the past, has not, been the case. The period of use is usually similar to that for livestock water from a source at that priority date. Even though wildlife use does not appear as a use claimed by the claimants' predecessors, this use is now considered a beneficial use and in fact has occurred since the first water was diverted, giving the claimant a legitimate claim based on the use doctrine.
