RE: Irrigation and domestic claims

Dear Mr. Kirkham,

Thank you for submitting your claims to a water right in the Snake River Basin Adjudication. There are, however, several items that need correction before we can accept your claims. Because of this I have returned your claims and checks (#4475 for \$332.00, and #1429 for \$234.00).

You have submitted two irrigation claims and one domestic claim. A check of our records indicates that there are three irrigation rights registered for the land you wish to file on. They include two in the name of Dwain Kirkham (31-07090 and 31-07115), and one in the name of La Verne Kirkham (31-02394). I have included a copy of each of these rights as well as a map showing where each right is located.

Your domestic claim indicates that you have two homes on your well. Unfortunately, without a priority date, the Department cannot process your claim. The priority date is the date that the well was first put to a specific beneficial use. Due to legislation passed in the 1960's, any multiple domestic wells (wells with more than one home on them) that were first put to use after March 25, 1963 require the submittal of an Application for Permit. This should be filed instead of an Adjudication claim. If the priority date for your well is before March 25, 1963, you can file an Adjudication claim. The legal descriptions for the point of diversion and the place of use also indicate two different locations. Usually in the case of a domestic well, the place of use is the same as the point of diversion.

You'll find that I have also included unmarked copies of the map along with blank copies of the claim forms and instruction forms. If you wish to file on each irrigation right, one claim form per water right is required. Each part of these claim forms must be complete before the Dept. of Water Resources can accept them. If you wish to complete the claims at home, please do so in full and return the claims to the Idaho Falls office by January 31, 1989 to avoid any late fees.
