Re: Enlargement Claim 31-11617 and Amended Claim 31-7092.

Dear Mr. and Mrs. Dalling:

Enclosed are the revised recommendations for your water rights in Hamer. These were prepared in response to the items you noted in your Notice of Error.

When we visited in the office, I was planning to recommend the approximately 14 acres of irrigation that we identified on the map. However, I failed to notice that the diversion rate was only 0.12 cfs. Especially in a sandy soil such as that at Hamer, it really isn't practical to irrigate with less than 0.01 cfs per acre. Consequently, I can only recommend 12 acres of irrigation, based upon the diversion rate of your original water right.

I apologize for this oversight. Please call me if you have questions.

Sincerely,

Bryce A. Contor
Senior Water Resource Agent

Re: Adjudication Claim(s) A31-07092

Dear Water User:

We are currently in the process of reviewing adjudication claims in Basin 31, in preparation for submitting recommendations to the Snake River Basin Adjudication Court.

In reviewing your claim(s) listed above, it appears the irrigated acreage exceeds what is authorized by the claim(s). To provide for irrigation of the additional acres, you need to file an "enlargement claim" or perhaps amend the claim(s) listed above.

Please contact me at (208) 525-7161 if you have further questions or would like to make an appointment to file or amend a claim.

Sincerely,

Byce A. Contor
