Re: Adjudication enlargement claim A31-11371,
Amendment to claim A31-07168

Dear Mr. and Mrs. Neville:

Enclosed are two versions of an enlargement claim and an amended claim for licensed right 31-07168, which is located in the NE quarter of Section 24, Township 7 North, Range 36 East. These are based upon the fact that the 1987 aerial photography appears to show more acres of irrigation than were originally licensed. The effect of the enlargement claim and amended claim together is that you will be authorized to irrigate more acres than originally licensed, but at the same diversion rate (2.44 cfs, or about 1095 gallons per minute).

The claims assert that the original licensing exam did not fully recognize all the acres farmed, due to the technology used. Attached for your files is a copy of the map the original examiner used.

The first set of claims, labeled "#1," assumes that the different-colored area on the southwest of the circle is irrigated cropland or utilized as irrigated pasture. This set of claims is for an enlargement of 6.3 acres, for a total acreage of 128.3 acres. The fee for this set would be \$ 56.30.

The second set, labeled "#2," assumes that the different-colored area is lava rocks that happen to receive water but are not "beneficial use." It is for an enlargement of three acres, for a total of 125. The fee would be \$53.00.

Please review these claims and return the set that you feel most accurately reflects the actual beneficial use under this water right in 1987. These are your claims, even though I typed them up. Please feel free to change or edit anything you wish; just initial the changes you have made. The claims need to be returned with notarized signatures, and the appropriate fee. Make checks to "IDWR" or "Idaho Dept. of Water Resources." Either of you may sign, or both of you.

Please call me at 525-7161 or 663-4853 if you have questions.

Sincerely,

Bryce A. Contor

Re: Adjudication Claim(s) A31-07168

Dear Water Users:

We are currently in the process of reviewing Adjudication Claims in Basin 31, in preparation for submitting recommendations to the Snake River Basin Adjudication Court.

In reviewing your claim(s) listed above, it appears the irrigated acreage exceeds ~~what is authorized~~ by the claims(s). To provide for irrigation of the additional acres, you need to file an "enlargement claim" or perhaps amend the claim(s) listed above.

Please contact me at (208) 525-7161 if you have further questions or would like to make an appointment to file or amend a claim.

Sincerely,

Doyce A. Coutin
