Sr. Water Resource Agent
Idaho Department of Water Resources

Dear Mr. Ruberry,

Water Right No. 31-7220 for 5.22 cfs is owned in it's entirety by Laird & Sons, Inc. We have been leasing the water right to Blaine Larsen for the last 5 or 6 years but it has never been sold to him. We understand he has transferred parts of this water right to irrigate other ground he farms and that these transfers are shown under Water Right Nos. 31-7220B, 31-7220C, 31-7220D, and that the remainder, which remains at the original well location, is shown as 31-7220E (0.38 cfs). Obviously we don't want this Water Right No. 31-7220 being shown as water that Blaine Larsen owns; however we have no problem with him continuing to lease the water right and don't want to cause unnecessary paper work for him, your department or ourselves. So, I guess I am asking you how we can best resolve this issue?

On the attached aerial photo, the original "Place of Use" of the water pumped under Water Right No 31-7220 is shown in yellow. It also irrigated land south and west of the big main ditch during parts of the summer when the Camas Creek surface water rights were not available for one reason or another.

Very truly yours,

Joseph A. Laird, P.E. & L.S.

President
