Change of Ownership**

Dear Mr. Hillman:

I appreciated your help and that of your family last week regarding correct addresses for your water rights.

I have printed each water right for you and highlighted the Current Owner(s). Each of the Basin 31 rights has been recommended and shows you either as Current Owner or as Representative.

I have enclosed a Notice of Change in Water Right Ownership for your use. Even though you are Ralph Hillman's son and Representative, you will still need to enclose a legal document showing you as beneficiary of the land and water rights. Additionally, we require an aerial photograph of the properties affected (see Item 2c on the ownership change form).

Please refer to Item 8 on the form regarding fees to reflect you as owner on the six decreed water rights.

Please call me toll-free at 1/800-451-4129 if you have any questions.

Sincerely,

RE: NOTICE OF ERROR

Dear Water User:

In your Notice of Error for right 31-07183, 31-07184, 31-07185, 31-07233A, 31-07237, 31-07238 and 31-07242, you disagreed with the recommended diversion rate.

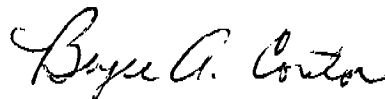

That rate was recommended based upon an existing water right license or formal transfer issued by Idaho Department of Water Resources. Unfortunately, the authority of the Snake River Basin Adjudication does not extend to increasing diversion rates authorized by administrative action.

The only options to change diversion rate are to have the license amended by the Allocation Bureau of the department, or to apply for a new permit based upon pre- 1987 development of diversion capacity.

The standard for changing a license is set very high. It requires proof that the original licensing exam was in error. As a minimum, this requires a report of an independent evaluation by a licensed Professional Engineer and solid documentation of the original design capacity of the installed system. The standard for a new permit is high, but not as high as for an amended license.

I am not encouraging you to pursue either of these options, but informing you what your options are. Please call me if you have questions. I'm sorry I cannot address your concerns.

Sincerely,

Bryce A. Contor

Response: Adjudication cannot correct
CFS unless Allocations Bureau issues
amended license or new permit.

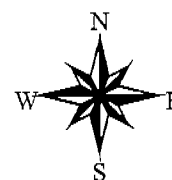

Dyle Robertson told me on the telephone that the lands he owned jointly with Hillman in sections 31 and 32 are now owned exclusively by Hillman. This appears to be rights 31-7238 and 31-7242.

Pending Notice of Change of Ownership from Hillman, I will leave the database record as we show it, but add a note to the electronic record comments.
