**SUBCASE NOS.: 31-07605, 31-07607,
31-07608, 31-07613 and 31-07616**

A hearing was held November 12, 2002. At the hearing the United States presented evidence that some of the overlapping water right numbers listed in the partial decrees contained clerical errors. In addition, the United States presented evidence that the average annual diversion volume for 31-07616 contained a clerical error. This Special Master is persuaded that the errors were clerical and should be corrected. The deadline for filing motions to alter or amend is January 28, 2003.
