RE: NOTICE OF ERROR

Dear Water User:

In your Notice of Error for right 31-07186, 31-07223, 31-07224, 31-07233B, 31-07244 and 31-11352, you disagreed with the recommended diversion rate.

That rate was recommended based upon an existing water right license or formal transfer issued by Idaho Department of Water Resources. Unfortunately, the authority of the Snake River Basin Adjudication does not extend to increasing diversion rates authorized by administrative action.

The only options to change diversion rate are to have the license amended by the Allocation Bureau of the department, or to apply for a new permit based upon pre- 1987 development of diversion capacity.

The standard for changing a license is set very high. It requires proof that the original licensing exam was in error. As a minimum, this requires a report of an independent evaluation by a licensed Professional Engineer and solid documentation of the original design capacity of the installed system. The standard for a new permit is high, but not as high as for an amended license.

I am not encouraging you to pursue either of these options, but informing you what your options are. Please call me if you have questions. I'm sorry I cannot address your concerns.

Sincerely,

Bryce A. Contor
