Re: Enlargement Claim 31-11617 and Amended Claim 31-7092.

Dear Mr. and Mrs. Dalling:

Enclosed are the revised recommendations for your water rights in Hamer. These were prepared in response to the items you noted in your Notice of Error.

When we visited in the office, I was planning to recommend the approximately 14 acres of irrigation that we identified on the map. However, I failed to notice that the diversion rate was only 0.12 cfs. Especially in a sandy soil such as that at Hamer, it really isn't practical to irrigate with less than 0.01 cfs per acre. Consequently, I can only recommend 12 acres of irrigation, based upon the diversion rate of your original water right.

I apologize for this oversight. Please call me if you have questions.

Sincerely,

A handwritten signature in cursive script that reads "Bryce A. Contor".
