MEMORANDUM

DATE: March 12, 2001

FROM: Craig Saxton

SUBJECT: 31-07180 and 31-11667

Sid Brown came into the office on 3/6/01 and wanted to file an enlargement claim associated with 31-07180 in order to pick up the acres covered by rocks that the field examiner originally left out.

The computer system wasn't working that day, so changes had to be made by hand on a previously prepared enlargement claim. Due to the computer problem and my haste, three changes were overlooked.

- 1) POU additions affected the remarks on the claim making the remark statements incorrect. These changes are minor and I felt I could recommend the claim without another amendment.
- 2) The enlargement 31-11667 claimed the full diversion rate of the associated license 31-07180. Since the diversion rate needed to be reduced for the recommendation, I didn't see a need for a second amendment.
- 3) Priority date claimed on the enlargement was the same as the License. Since the pivot hasn't changed, and the enlargement acres were just left out based on that they were rocks at the time, I will recommend the priority date one day junior to the license. Since the claimed priority date is senior to what I will recommend, an amended claim was not needed.
