Re: Ownership Change

In October, the department received an ownership change request from Donald W. Leeper. Mr. Leeper identified four (4) rights that he believed needed to be split to show his portion of the rights appurtenant to the property he purchased within the SENW, S23, T17N, R1W.

I have reviewed the documents he submitted and have searched the water rights database for all rights covering the lands in question. The rights covering the acres purchased by Mr. Leeper that need to be split and updated to reflect the new ownership are:

OK
CS 3-23-05
67-50A
67-55
67-65
67-73B
67-74B
67-11305

Leeper sold to Cole - Leeper ownership doesn't need to be processed, just file and then process Cole.

6.8 cs
These rights all identify a total place of use of 134.8 acres - 6.6 acres of which were purchased by Mr. Leeper. These rights are all currently in the name of Douglas Scism. County tax lot information available in ArcView clearly identifies the 6.6 acres that the Laughlin's (the current owner who sold to Leeper) owned and the 6+ acres owned by the Distler's (next-door neighbor) within the SENW. The rates of flow under each right are small and the splits will require the amount of 0.01 cfs (the smallest figure we can use) from each of the rights for the 6.6 acres. Right 67-50A is only 0.02 cfs to begin with, but it needs to be included with the rest of the rights covering this property.

Nothing to change
CS 3-23-05
Right 67-372 identified on the ownership change form has been split and claimed as A67-00372A for 0.006 cfs on 6.0 acres in the name of Menichetti and A67-11304 for 0.20 cfs on 159.1 acres in the name of Scism. The lands identified under 67-11304 do not include the lands purchased by Leeper; therefore, ownership will remain in the name of Scism.

~~Two claims have been filed on Right 67-373, one in the name of Distler and one in the name of Scism. Each is for four (4) acres; from the information in front of us, it's uncertain whether or not the four acres are within the parcel Mr. Leeper purchased.~~
