

29-12514; 29-12515

Notes

4/22/04 Basin 29 Objection settlement Conference.

Candice will have to talk to Dave T to find out if this would administratively fit into the department's description for sub-irrigation. Candice told the Whitworth's not to contact me because I made the recommendations based on the Statute and to recommend it would have to come from Dave T. So all correspondence should go through Candice CB
