Re: Snake River Basin Adjudication SRBA
Claim #A22-07451 - Fremont County

Dear Mr. Belzer,

The Notice of Claim form referenced above has been received, however, the claim presented is not entirely acceptable.

At Item #8, you have failed to indicate the amount of consumptive use, if any, for the water. The industrial process ^{may} not be non-consumptive or de minimus. At Item #9 the non-irrigation uses was left blank. Please indicate the industrial process(es) for which the water is used. In Item #13 please indicate the Other Water Rights used with this plant or check None if appropriate.

Also, the fee enclosed was incorrect. The correct amount should be \$152.00, if the domestic use at Item #6 is claimed. The specific use Domestic may be unnecessary in which case the \$150 fee would be correct. The water use Industrial may adequately cover the water used by the employees in domestic-related activities.

Please make the necessary changes and corrections and return the documents to this office at my attention. You may wish to visit with one of our Water Rights Agents and submit a completed claim. In any event, if you will make these corrections before April 23, 1989, you will not be assessed a late filing fee. Please do not hesitate to contact this office if you have any questions or concerns.

Yours Truly,

Donald V. Shaff
Adjudication Section Manager
