2. R04 Use of water under this water right will be regulated by the watermaster of State Water District No. &DISTRICT.
3. R23 The water right confirmed in this license for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this license and shall not give rise to any right or claim against any future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this license.

Remarks:

IDAHO DEPARTMENT OF WATER RESOURCES

Water Right Report 22-7487

1. General A measuring device of a type approved by this Department shall be required at the diversion of the Teton River if determined to be necessary by either the Department of Water Resources or the watermaster of Water District 01.

 The diversion and use of water under this license is subject to review by the Director 30 years from the date of issuance. Upon appropriate findings relative to the interest of the public, the Director may cancel all or any part of the use authorized herein and may revise, delete or add conditions under which the right may be exercised.

 Any loss of water to the Teton River resulting from conveyance and use pursuant to this license shall be mitigated with replacement water.

→ This right is used in connection with Right Nos. 22-07351 and 22-07482B.

→ This right is subject to revocation pursuant to Section 42-350, Idaho Code.

→ A flow of 20.0 cfs must bypass the diversion at all times and flow uninterrupted to the powerhouse tailrace except during the three month period of cutthroat spawning, determined by the Idaho Department of Fish and Game, when the bypass flow must be increased to 50.0 cfs.

→ The diversion dam is located in the SWNE, S29, T07N, R44E.

→ The point of discharge to the Teton River is in the SESE, S20, T07N, R44E.
