Re: Omitted claim and final assessment of unpaid acreage

Dear Mr. Bowles:

Pursuant to our meeting of 6 September, I have written the omitted claim 22-13325, it is enclosed herewith.

In addition, pursuant to our discussion of the unpaid acreage fees due for the filing of Garden Water Co. claims I have re-evaluated the acreages. I have found that some of the areas of discussed were showing claims already paid. This is the case, however, the claims are for domestic and/or stockwater, having no acreages associated with them. The claims layer of our Geographical Information System (GIS) simply illustrates the claim with the 40 acre tract designation. I enclose a photomap showing the final fee assessment for your records.

The re-evaluation and final assessment of fees due is as follows:

Total acreage within Garden Water Co service area	4223.30 ac
Acreage paid under other irrigation claims (@\$1/ac)	\$ <u>732.00</u>
Acreage fees due for Garden Water Co claims (@\$1/ac) .	\$3491.30
Claim fees (17 claims @ \$50.00/ claim)	\$ <u>850.00</u>
Total fees due	\$4342.00

Please sign the enclosed claim, 22-13325, before a Notary and return it with your check in the above amount.

Thank you for your attention and consideration of this important matter. I look forward to your timely response, and, if I can be of further assistance in your water matters please feel free to contact me.

Respectfully submitted,
