1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Location of Points of Diversion

2. Describe the changes you wish to make in the proposed recommendation:

The map you sent shows the points of diversion a little bit too far south. They are correctly located on the attached map prepared by Douglas Jones at the time we filed. I have labeled Mr. Jones' map as exhibit "A".

3. Give a brief explanation as to why you disagree with these portions:

In the case of the northernmost POD, the mapping error puts the POD on the wrong side of the road and in the wrong section & Township. See description correction on attached exhibit "B" in red ink.

☐ I AGREE with this proposed recommendation: no changes need to be made.
