RE: Affidavit Evidence of Priority, Water Right#67-4088

To Whom It May Concern:

I, Robert L. Mack, Maintenance Superintendent, have been working for the Tamarack sawmill since March of 1965. To the best of my knowledge the usage for water right#67-4088 has had the same purpose since 1967, which is to keep logs saturated with water to preserve the quality of the logs for milling.

Any questions please give me a call at the above number.

Sincerely,

Robert L. Mack
