Dear Roxanne:

The enclosed notarized affidavit is supporting evidence of historic use of water and priority date as stated in our water right claim# 73-00204A. We did not receive a letter from you but we wanted to make sure our water right and priority date is fully protected.

We have also enclosed a change in ownership for the domestic water right claim# 73-4027. We purchased the property on April 1, 2004 and just recently found out the domestic water right was not transferred at that time.

Sincerely,

Handwritten signatures of Richard and Victoria Bergeman. The signature of Richard is on top, and Victoria's is below it, both in cursive script.
