1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

The 'period of use' date should be revised to read:

09/15 to 09/14 or year (annual usage) year round (no cut off dates)

2. Describe the changes you wish to make in the proposed recommendation:

Revise to read: "year round usage"

3. Give a brief explanation as to why you disagree with these portions:

When this plant was first established, the Idaho potato crop was run by June 1st annually. In recent years production has mandated that we run into the month of August to assist the grower in moving his crop.

☐ I AGREE with this proposed recommendation: no changes need to be made.
