Re: New Property Owner Notice of Change of Water Right Ownership/ State of Idaho Department of Water Resources Assignment of Notice of Claims

Dear Glen:

Glen?

We enclose with this correspondence two documents, a New Property Owner Notice of Change of Water Right Ownership and an Assignment of Notice of Claims these documents represent notice to the department of a change in water rights ownership in attendant to the purchase of certain real property located in Teton County by our clients, Boyd and Jill Smith. Apparently these documents have been languishing in someone's file for a considerable period of time but have never been forwarded to the appropriate office. Our records reflect that the documents were originally filed and that suggestions were made for changes and corrections. These current changes and corrections were made and the documents resubmitted but apparently no action has ever been taken on the same. We believe that the appropriate fee has already been submitted but again our uncertain whether that fact has been documented in your office.

We take this opportunity to forward these documents directly to your attention with the hope that you might forward them on to the appropriate office for proper processing. Please do not hesitate to contact me if you have questions or if there is additional information which is needed or if we need to review the matter of any fees or charges which need to be paid in conjunction with appropriate processing.

Thank you for you assistance in this very confusing situation.

Very Truly Yours,

for Teresa L. Sturm
