A recommendation for the above-captioned water right claim was contained in the *Director's Report for Late and Miscellaneous Claims and Other Rights* filed with the Court on April 22, 2005. On June 6, 2005, this Court received correspondence from the Idaho Department of Water Resources stating that the *Director's Report* is in error regarding the legal description of the place of use, and further stating the correct legal description. The correspondence states that it was mailed to the claimants of the subject water right.

In accordance with the foregoing, the claimants are hereby notified that the Court intends to correct the legal description of the place of use as set forth in the correspondence. In the absence of any objections, the Court will make this correction on or before August 16, 2005.
