Dear Loren:

When I was in your office last week, I noticed that most of my adjudication claims were made in the name of Buckeye Land Company. When we sold the Buckeye Ranch, we changed the name of our operating partnership to Billingsley Creek Ranch. There has also been a postal service change in addressing here in the Hagerman Valley. In order to insure that I receive all information pertinent to the pending adjudication, I request that you change the name and address of the claimant on the following water right numbers:

36-10826 ✓
36-10870 ✓
36-11060 ✓
36-00046 ✓
36-02379 -
36-10394

The name and address should read:

Billingsley Creek Ranch
2726 South 1050 East
Hagerman, Idaho 83332

Telephone: 208/837-6174
Fax 208/837-6563

Thank you for your cooperation in this matter.

TO: FILE A36-10870SUBJECT: CHANGE OF OWNERFROM: STEVE CLELLANDDATE: 12-17-91

This place was owned by Carren Petersen who filed the claim above on Potter Springs. Idaho State Bank could not communicate with Petersen, so as lienholder, they filed another claim on the same uses & source. They also included a filing for a Domestic well. IDWR solicited a change in ownership from the Billingsley Creek Ranch and changed the claimant's name on both claims. Since the I.S. Bank filing on Potter Springs A36-10827 is disallowed and recommended as A36-10870, we have carried the ownership change over to the Recommended file. I personally spoke to Donnie M. Fadden who told me he had purchased the land as we drove by it.

A 36-1087D

To Whom it May Concern:

I was born March 30, 1914 and moved to Hagerman in 1916. My parents bought the place that joins the place that Karen Peterson now owns. We moved on the place before 1920 because I started the first grade of school in the Rim Rock school that year.

Tom Jones owned the place that Mrs. Peterson now owns. He had a ram (this was a water pump that runs by water pressure) that pumped water up to the house from the spring. At that time he had a well established pasture that was gravity irrigated from the spring. I don't know how long before that time the water was used but it had to be several years.

Sincerely,

Floyd H. Marsh

Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.

II. Reasons provided claimant for original recommendation: The domestic use claimed is covered by the domestic use claimed on 36-10826. The flume/pipeline from the spring is disconnected and not in use. Aerial photos show no evidence of irrigation of the pastures and no gravity irrigation system. Evidence of 30-40 head of sheep-but barns were in severe disrepair.

DIRECTIONS TO PROPERTY / REMARKS:

There does not appear to be any use on claimed acres. Directional
system exists, however, does not appear easily usable.Unable to locate pump/pipeline to supply domestic use - pump
house located below claim, under basalt rim

12-1891 (See memo w/ Dennis McFadden)

The pump house located during the field exam was the well as described by
A36-10826. The source will be identified as groundwater under that claim.
Therefore, the only diversion made from the springs for stock water was
abandoned & covered (see photos). Recommend as instream stock use. SeeMICROFILMED

update:

final review of this date of priority has caused me to reevaluate the date to be
recommended. all other springs in the immediate area have been
listed in the 1932 Decree. I believe any substantial development
of this spring would have been included in that decree and therefore
the recommended date is 5-1-1933
