James B. or Mary Angelia Brownlee

Dear Roxanne,

In reference to our conversation a couple weeks ago, I would like to thank you for your help in attempting to get my water right 75-14011 reinstated. I had hired a civil engineering company, Harper-Leavitt Eng., out of Idaho Falls in 2001 to design my pond project as well as fill out the proper paper work to make sure I was in compliance with Idaho law. It was at their request that I signed the "withdrawal" form. As it turned out, I ended up canceling the pond project without construction taking place. If I'm able to get my water right reinstated, I will be happy to pay any expense required. Thanks again.
