

9-17-02

To Whom it may concern,

We, the undersigned purchased our property at Mink Creek, in Pocatello, Idaho in 1973 and used the irrigation (water rights) from Mink Creek from that time continuously thru 1988. Since that time water has been used for irrigation purposes for our property when available, depending of creek water conditions and levels.

Our property has never had a period of 5 year of continuous non-use.

For me
Alexis Meyer

State of Idaho

County of Bonneville
