

June 10, 2005

Burton;

Here are the corrected Preliminary Reports for you water rights diverted from Badger Creek and the well. Please review them as per the instructions of the original mailing. Should there be corrections please address them on the Notice of Error page and I will re-review any corrections.

Also attached hereto, you will find Amended claims for the springs and the pond system. 22-11985 has been amended to reflect a portion of the original decree 22-174 of which they were a part. 22-11987 has been amended to address the storage component of the pond and diversion from the pond. Please sign with a Notary, or, you can wait until the 22nd Public meeting and I will discuss them with you and Notarize them at that time.

Please review the recommendations carefully. I will look forward to seeing you on the 22nd of this month for the Public Meeting.
