**RE: Change of Ownership and Objection
Telecon with Norm Rogers**

Norm Rogers (775-4776) recently purchased the property under this recommendation. During the course of obtaining the paper work for the change in ownership he determined the quantity of 0.02 cfs is not adequate for the 4.5 acres of lawn surrounding the home. It appears there is water available under the right. However, this will take some investigation since the entire right was combined with 29-293 under claim 29-10376.

Remarks:

1. General THIS RIGHT WAS COMBINED WITH 00293 INTO A29-10376 * 0.60 CFS FROM 29-00291
(ALL) 0.06 CFS FROM 29-00292 (0.06 CFS OUT OF 0.20 CFS) 0.20 CFS FROM 29-00293
(0.20 CFS OUT OF 1.00 CFS) 0.86 CFS = A29-10376 * MORRIS MURDOCK HAS CLAIMED
ALL OF RIGHT 29-00292 (0.20 CFS).

Norm already has the change of ownership and was giving directions on how to download the SF1 from the Courts webpage.
