RE: New Snake River Basin Adjudication (SRBA) claim for Jackson Creek water

Dear Arnold and Karen,

The Idaho Dept. of Water Resources is currently in the process of reviewing SRBA claims in your area. My initial review indicates that water used for irrigation purposes on the ditch that services Murdock Subdivision is both Rapid Creek and Jackson Creek water.

You claimed a portion of original decreed right 29-00294. The decree states that this right is to be delivered from the main channel of Rapid Creek. In order to continue use of Jackson Creek water to irrigate your property, a separate claim for the Jackson Creek water needs to be filed.

For your convenience enclosed is a claim for the use of Jackson Creek for irrigation purposes. Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim in front of a notary and return it to this office with the filing fee of \$50. Note, that I am soliciting claims for Jackson Creek water from all the users on the ditch.

In addition, I will be heading to the field the week of July 15 – 19 to perform field exams and verify use of the water. You are not required to be there but if you would like to feel free to contact me.

Please feel free to contact me if you have any questions.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Craig L. Saxton', is written over a horizontal line.
