HC 85, Box 109
Bruneau, ID 83604

Dear Mr. and Mrs. Cantey:

After further review of your claims to water rights, I thought I had found additional water that had not been claimed. I spoke to our State Office in regard to this and found that I had been in error. Our copy of the Bruneau River Decree is so old that I thought I had found an error but did not. Therefore, it is not necessary for me to come out to your place on Wednesday morning as I had planned.

Enclosed are revised recommendations for your claims as mentioned above. As I told Mr. Cantey on the phone, I have recommended the use of these claims on 71.8 acres, rather than the 45 acres that I had originally recommended. I have also revised the recommendation for Rt. 51-00017 which was originally disallowed. I hope these new recommendations are satisfactory to you. Please review the new recommendations and GIS map and let me know if you agree with them.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker".

Visited property - accompanied by Sue Bock & Mrs. Cantey.

Although property on west side of river is mostly brush & trees, claimants are irrigating it with a couple of pumps. They purchased property in 1996 - it was leased out to Tom Hall until 1997. The river is washing their property away very quickly then leaving gravel bars in place of ~~so~~ farmable soil. They have spoke with Gene Gibson & Erv Ballou about getting

advise on how to stop
this erosion. They told
her they would be out to
view w/ Corps of Engineers.

RE: Change in Notice of Appearance of Counsel on the Snake River
Basin Adjudication Claims for Owen Ranches, Pioneer Irrigation
District, Cyprus Thompson Creek Mining Company, Conversion
Industries U.S.A., Inc. and Settlers Irrigation District

Dear Scott:

The five computer reports enclosed confirm the change in firm
and address you requested in your letter dated February 13, 1992.
By comparing these reports to the list you supplied with your
letter, you will see not all of the water right claims listed in
your attachments were changed. Those claim records not changed are
filed by persons other than your client(s).

The possibility of questions I raised in our telephone
conversation last week were resolved for my part. If you have any
questions or need some points clarified, please feel free to
contact me.

Thank you for supplying the claim lists in an orderly fashion.

Sincerely,

Donald V. Shaff

Inc. and Settlers Irrigation District**

Dear David:

Pursuant to a prior telephone conversation with Ms. Lynne Krogh-Hampe, I am providing this correspondence to notify the Idaho Department of Water Resources of my change of address and affiliation. I am presently a partner with the law firm of Davis Wright Tremaine at the above-referenced address.

Because of this change, I request that the Idaho Department of Water Resources make the necessary modifications to its records pertaining to the Snake River Basin Adjudication regarding the water rights and notices of claim identified for the above-referenced clients, as indicated on the attached lists, marked Exhibit A. Based upon my prior conversations with Lynne, she indicated that one letter with identification of the individual water right numbers would be sufficient. Please notify me in writing if this is not the case. Additionally, I would appreciate receiving written confirmation that the requested changes in your records have been made, so that I may include copies of your confirmation in the individual claim files for each client and each water right.

Thank you very much for your cooperation.

Very truly yours,

DAVIS WRIGHT TREMAINE
