Sincerely,

Claimant contact necessary before recommendations can be made. Only 25 acres were found. Since this claim is for 25 in., as shown, the other 2 claims may not be necessary. (A51-00025A & A51-00029A). Also-I found P.O.G. is different than claimed so will need copy of warranty deed.

Dear Mr. Gennette:

I am writing in regard to the field exam I conducted on May 18.

Enclosed you will find a map which outlines the acreage I found irrigated. Note that this includes land in the SE1/4NE1/4 and the NE1/4SE1/4 of section 31. Do you own any portion of this property?

Also-as far as total number of acres; I found 25 irrigated and some of these fell in the two quarter, quarters listed above. This is less than the acreage claimed and could have an affect on your water right recommendations.

For this reason I am sending you a copy of the map which outlines the irrigated acres. Look this over and let me know if this is accurate.

Please respond within 30 days of the date of this letter so I can complete your claim recommendations.

Sincerely,

Linda A. Werner

RE: Claims filed in the Snake River Basin Adjudication

Dear Mr. Gennette:

The Department of Water Resources is conducting water right claim verification examinations in your area. I will be in your area at the end of next week and would like to conduct the exam on your decreed water rights. This is necessary because the decree did not list the point of diversion or the specific location of the irrigated acres.

I would appreciate it if you would contact me so I can set up an appointment for Wednesday or Thursday, May 12 or 13th. It is important that these rights be examined so they can be accurately represented in the Adjudication. I can be reached at 334-2190.

Sincerely,

RE: Claims filed in the Snake River Basin Adjudication.

Dear Claimant;

The Department of Water Resources will be conducting beneficial use and water right claim verification examinations in your area beginning in April. An examination is needed to verify your water use in order to issue a water right license and/or decree.

Information on your permit or claim which may need to be verified includes source of water, type of usage, amount of water used, number of acres irrigated, and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which need to be completed this season, we request that you contact our office at 334-2190 within one week to make an appointment at a time convenient for you. The amount of time required to conduct these exams depends on the number of water rights you have filed. An approximate time can be given when you call for an appointment.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be beneficial.

To make an appointment, or if you have any questions or problems with scheduling the exam verification, please contact me as soon as possible.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent

REMARKS: The receipt was written for \$255.00 and then \$25.00 was refunded for withdrawn claim A5110082 (a domestic claim). The total money received would then be \$230.00; however, the total for the three remaining rights would only be \$190.00.

I have checked the three claims and the calculated fees on the receipt are correct. It appears that these folks are due a refund of \$40.00.

It appears from data entry audit, ^Ichecked region, that A51-00024, 00025 + 00026 were received for Area for 40 Ac. I am not sure how the receipt ending up totaling 80 Ac. instead of 40 Ac. I don't know B part for the three numbers, and between W00 2030 + W00 2031 at least 340 of 373 Ac were paid for. ^{also} Between possible overlap + the Duckaroo ^{claim} salvage were probably covered. Appears to be overcharge of \$40⁰⁰. OK to refund Joe 5/14/91

Identification Number Changes

Dear Claimant,

The Identification Numbers of your Notices of Claim to a Water Right have been changed from A51-00024 to A51-00024A, from A51-00025 to A51-00025A and from A51-00026 to A51-00026A. The suffix "A" has been added to the number of each claim in order to distinguish them from other claims that may claim a portion of the same original water rights. This change does not affect your claims in any other way.

Enclosed are computer-generated copies of your claims with the new Identification Numbers. Refer to these record numbers in any future inquiries or correspondence.

Sincerely,

Re: problem with receipt M002057
Date: February 1, 1991

=====

Receipt M002057 contains the numbers of three rights that are actually splits; the numbers need to be corrected to carry the suffix "A" in each case. The computer will not let me enter the correction because the total on the receipt appears to be wrong.

The receipt was written for \$255.00 and then \$25.00 was refunded for withdrawn claim A5110082 (a domestic claim). The total money received would then be \$230.00; however, the total for the three remaining rights would only be \$190.00.

I have checked the three claims and the calculated fees on the receipt are correct. It appears that these folks are due a refund of \$40.00.

Please let me know when this problem is corrected; I need to correct the receipt to the appropriate claim numbers.
