One possible shortfall with this approach is that Fish and Game may need to apply high diversion rates of water to those acreages with the higher decreed per/acre diversion rates. Nevertheless, I believe this is a fair and accurate way to at least come up with a starting point

Re: IRRIGATION OF FISH & GAME LANDS

I went out to visit the Fish and Game Lands claimed on September 2, 1998 after receiving the Notice of Errors they submitted in response to my proposed recommendations. I met with Dick Orcutt of the Bruneau Fish and Game office. He took me out to the property located in the SE1/4, Sec. 31, T06S, R06E.

The land shown to me in SE1/4, Sec. 31, T06S, R06E was being irrigated and had crops growing on it. I will re-evaluate my recommendations for that property.

Since the land shown to me on September 2, was not the entire property, I obtained a 1995 ASCS photo of the entire property. I could not see any more lands irrigated as found in the SE1/4, S31. I called Dick Orcutt this morning and discussed this with him. He stated that all the property claimed is irrigated. The lands over and above the SE1/4, Sec. 31 are irrigated to produce natural grasses for grazing, wildlife cover, etc. These lands do not appear as other irrigated lands in the area because the fields are not plowed or worked as most irrigated lands. However, according to Mr. Orcutt, the use on these lands could not happen if they did not irrigate. In regard to this, I will re-evaluate all the claims submitted and prepare recommendations for decree.

RE: CONTACT PEOPLE FOR FIELD EXAMINATIONS

Cindy Robertson of the Dept. of Fish and Game has reviewed the copies of the claims they obtained ownership of (originally in the name of Albert Harley) and called me today about these claims. We discussed her questions and she gave me the phone numbers of contacts for our field examinations.

The number one contact is:
Tom Parker 334-2920

If he is not available we can ask for Cindy:
Cindy Robertson 334-2597

They will, in turn, contact the field representative who will be showing us the water systems. It will most likely be Dick Orcutt who is the C.J. Strike area manager.
