RE: South Side Canal Company Recommendations

Gene Davis
HC 85, Box 138
Bruneau, ID 83604

Dear Mr. Davis:

Enclosed are updated profile reports of the recommendations for the South Side Canal Company. Please note that we have been instructed to remove the place of use listings on these rights. The place of use will only be described as shown in the remarks. I have also removed the location of the fish propagation place of use and described that in a remark also.

I have run a new report of all the claims recommended with the point of diversion at the South Side dam for you. This listing should be complete and all up to date now.

If you have any questions in regard to this, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Kay'.

RE: Listing of Claims Diverted at South Side Canal Dam

Gene Davis
HC 85, Box 138
Bruneau, ID 83604

Dear Mr. Davis:

Enclosed is a listing of the claims we have recommended in our preliminary report for the diversion at the South Side's dam. Please note that this listing contains rights showing other diversion points than that of the dam but these are noted with the "R" flag showing these are re-diversion points. The main diversion for these claims is the South Side dam.

This listing is not complete, as I told you in the office the other day. I am still working on the Fish & Game claims that may be included after I resolve the Notice of Errors they submitted. I have also written in the amount of water for Claim R51-04096 which I have not revised as of this time. The amount I wrote in, on this listing, is the amount the amended claim describes.

If you have any questions or need any help in reading this listing, please do not hesitate to contact me.

Sincerely,

KAY WALKER

Date of measurement: OCTOBER 7 1993

Measurement location:

DOWNSTREAM FROM DIVERSION

Calculation prepared by: KAY WALKER

Comments about the measurement:

The results of the calculation are:

The length of the channel measured is 416 feet.

The upstream and downstream rod readings are 6.40 and 8.76 feet.

The channel cross section is 54.99 ft-sq.

The wetted perimeter is 23.28 feet.

The hydraulic radius is 2.36 feet.

The slope is 0.0057

The roughness coefficient is 0.0500

The flow velocity is 3.980 ft/sec.

The rate of flow is 218.87 cfs.

Head of the Ditch Agreement—Rec'd 5/18/94
(Not signed)

THIS AGREEMENT, Made this 16th day of February, 1920,
between John Turner and Anna Turner, his wife, William
Turner and Mary Turner, his wife, Joseph E. Hawes and
Addie E. Hawes, his wife, and Fletcher E. Hawes and Eva E.
Hawes, his wife, all of Brunson, Owyhee County, State of
Idaho, parties of the first part, and the South Side
Brunson Canal Company, a domestic corporation of the state
of Idaho, with its principal place of business at Brunson,
Owyhee County, State of Idaho, party of the second part,
WITNESSETH:

WITNESSETH, The parties of the first part are the owners
of a certain ditch and right of way known as the Turner
Ditch by which water is diverted from the Brunson River
at a point in the northeast quarter (NE $\frac{1}{4}$) of the south-
west quarter (SW $\frac{1}{4}$) of section five (5), township seven(7)
south, range six (6) east, for use upon the lands of the
parties of the first part and

WITNESSETH, The party of the second part is the owner of
a certain canal known as the South Side Canal diverting
water from the Brunson River at a point near the center
of the southwest quarter (SW $\frac{1}{4}$) of section thirty-one (31),
township six (6) south, range six (6) east, for the irri-
gation of the lands of its stockholders and

WITNESSETH, The party of the second part is desirous of
changing the point of diversion of its South Side Canal to
the point of diversion of the said Turner Ditch and con-
solidating the South Side Canal with the said Turner Ditch
for a distance of approximately a mile and a half from the
said point of diversion to the junction of the two canals
and,

WHEREAS, The parties of the first part are willing to grant a right of way in and through the said Turner Ditch to the party of the second part upon the terms and conditions hereinafter set forth.

NOW, THEREFORE, In consideration of the premises and of the mutual covenants and agreements hereinafter contained the parties of the first part hereby grant to the party of the second part a right of way in the so-called Turner Ditch from its point of diversion in the northeast quarter (NE $\frac{1}{4}$) of the southwest quarter (SW $\frac{1}{4}$) of section five (5), township seven (7) south, range six (6) east, extending in a general northwesterly direction approximately a mile to the north and south center line of section six (6), township seven (7) south, range six (6) east, to a point near the northwest corner of the southwest quarter of the northeast quarter (NE $\frac{1}{4}$) of said section six (6); thence in a general southerly direction approximately half a mile to the junction of said Turner Ditch with the said South Side Canal at a point near the northwest corner of the southwest quarter (SW $\frac{1}{4}$) of the southeast quarter (SE $\frac{1}{4}$) of section thirty-one (31), township six (6) south, range six (6) east, all in Owyhee County, State of Idaho.

The foregoing grant is made subject to the following conditions and covenants:

1. The parties jointly agree to construct new head-works for the consolidated ditch at a point near the present diversion point of the Turner Ditch upon lands belonging to the Robert Noble Estate, Inc., the exact location of which is to be fixed by agreement with the said last named incorporation. The cost of the construction work

required for the new headworks shall be apportioned between and paid by the parties hereto each in the proportion that his flowage right bears to the total flowage rights in the consolidated ditch.

2. The party of the second part agrees at its own expense to enlarge the Turner Ditch from the point of diversion to its point of connection with the South Side Canal to a capacity sufficient to carry the water to which both ditches are entitled without damage to abutting property owners and in a manner satisfactory to the parties of the first part.

3. It is agreed that the party of the second part shall forever bear the cost of the yearly maintenance of the consolidated ditch from the point of diversion of the present Turner ditch to the point of junction with the South Side Canal. It is agreed that the yearly maintenance cost of the consolidated ditch from the present diversion of the Turner ditch up to and including the new diversion works and dam shall be paid by the respective users therefrom each in the proportion that his flowage right bears to the total flowage rights in that portion of the consolidated ditch. For the purpose of computing the maintenance charges it is agreed that the rights of the various users are as follows:

Joseph E. Hawes, a flowage right to 35 inches.

William Turner, a flowage right to 225 inches.

Fletcher A. Hawes, a flowage right to 140 inches.

John Turner, a flowage right to 400 inches.

South Side Canal, a flowage right to 1200 inches.

4. This contract is made subject to such priorities in the waters of the Bruneau River between the several owners of ditch rights herein as are now or may hereafter be as

5. Each user of water from said consolidated ditch agrees to erect and maintain headgates and measuring devices at his several diversion points on said ditch in accordance with the regulations made from time to time by the State of Idaho.

IN WITNESS WHEREOF, We have hereunto set our hands and seals this 16th day of February, 1920.

Parties of the First Part.

RE: Snake River Basin Adjudication Claims

South Side Bruneau Canal Co. Ltd.
c/o Frank Davis
HC 85 Box 179
Bruneau, ID 83604

Dear Mr. Davis:

I am getting ready to make my recommendations on South Side Bruneau Canal Company's claims and find that I need more information than what I gathered at our field visit. I need to have a list of all of the shareholders within the Canal Company's service area along with the number of inches each shareholder receives. I also need to know under which priority date each shareholder receives water.

I am enclosing a "Change in Address of Notice of Claim" form which can be used to change the address to which all of South Side Bruneau Canal Company's correspondence, regarding their claims, will be sent. I have completed the form as much as I could for your convenience.

Please submit the above requested information on or before April 29, 1994. If we don't receive this information it will be hard to complete a thorough review of the claims. Thanks for your help in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Kay Walker'.

RE: Change in Notice of Appearance of Counsel on the Snake River Basin Adjudication Claims for Owen Ranches, Pioneer Irrigation District, Cyprus Thompson Creek Mining Company, Conversion Industries U.S.A., Inc. and Settlers Irrigation District

Dear Scott:

The five computer reports enclosed confirm the change in firm and address you requested in your letter dated February 13, 1992. By comparing these reports to the list you supplied with your letter, you will see not all of the water right claims listed in your attachments were changed. Those claim records not changed are filed by persons other than your client(s).

The possibility of questions I raised in our telephone conversation last week were resolved for my part. If you have any questions or need some points clarified, please feel free to contact me.

Thank you for supplying the claim lists in an orderly fashion.

Sincerely,

Donald V. Shaff
Manager, Adjudication Section

DATE 5-5-92FILE A51-00006NAME OF PARTY John B. UrquidiA51-00007EMPLOYEE Roxanne McCarthyA51-00008RE: PPU filings for South Side Bureau Canal Co.

Mr. Urquidi was in my office today to protest the PPU filings for South Side Bureau Canal Co.

He strongly objects to the filings that appear to "spread" the earlier water appurtenant to his lands onto all of the lands under the ditch company.

Mr. Urquidi would like to be notified of our recommendations.

Re: Notice of Change in Address and Firm Affiliation

To Whom it May Concern:

Please note that I have changed my law firm affiliation, effective January 1, 1992. I am now a partner with the Boise office of Davis Wright Tremaine with the above new address. Please make sure that all documents sent to me from Water Resources, including the Weekly Water Right Print Out sheets, are revised to reflect this change. Thank you for your assistance.

Very truly yours,

**Re: Change in Notice of Appearance of Counsel on the Snake River Basin
Adjudication Claims for Owen Ranches, Pioneer Irrigation District,
Cyprus Thompson Creek Mining Company, Conversion Industries U.S.A.,

Dear David:

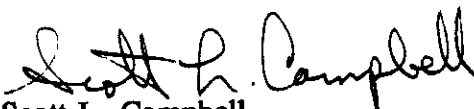

Pursuant to a prior telephone conversation with Ms. Lynne Krogh-Hampe, I am providing this correspondence to notify the Idaho Department of Water Resources of my change of address and affiliation. I am presently a partner with the law firm of Davis Wright Tremaine at the above-referenced address.

Because of this change, I request that the Idaho Department of Water Resources make the necessary modifications to its records pertaining to the Snake River Basin Adjudication regarding the water rights and notices of claim identified for the above-referenced clients, as indicated on the attached lists, marked Exhibit A. Based upon my prior conversations with Lynne, she indicated that one letter with identification of the individual water right numbers would be sufficient. Please notify me in writing if this is not the case. Additionally, I would appreciate receiving written confirmation that the requested changes in your records have been made, so that I may include copies of your confirmation in the individual claim files for each client and each water right.

Thank you very much for your cooperation.

Very truly yours,

DAVIS WRIGHT TREMAINE
