Maxine FaradayRE: Letter to M. Faraday dated 9-28-93

This came back "unforwardable" so I called phone no. on claim which happened to be Lola Blossom. She is taking care of the place for M. Faraday who is in a nursing home. She is familiar w/ the system (ERR), so I will send the above letter to her for her review.

In regard to Blossom's claims, no. A51-00119 - She has looked the map over & agree w/ my findings.

September 28, 1993

Harvey or Lola Blossom
Rogerson, ID 83302

Dear Mr. or Mrs. Blossom;

I am writing in regard to the Notice of Claim to a Water Right, number A51-00119, which was filed in the Snake River Basin Adjudication (SRBA). This claim is based on a decreed water right and is for the irrigation of 100 acres from Cherry creek.

As a process of the SRBA we are sometimes required to conduct a field exam to determine the legal description of the diversion point or the number of acres irrigated. This is especially true of a previously decreed right since many of these decrees did not show the point of diversion and listed the number of acres irrigated by 40 acre section based on acres owned rather than acres irrigated.

I have conducted an in-office exam on the above right. To do this I used a 1974 ortho-photo map and a 1987 satellite map. I believe I have accurately determined the number of irrigated acres and the location of the diversion point. I am sending you a copy of a contour map showing the number of acres irrigated, their location and the diversion point. Please review this information to determine its accuracy.

Should you find a problem, please contact me. I ask that you do so within the next two weeks since a field exam may be necessary and our field season is rapidly coming to a close. If I do not hear from you by October 13, 1993, I will assume that you agree with my findings and your claim will be recommended to the court as outlined on the map. (There will be no change to the amount of water claimed.)

If you have any comments or questions, feel free to contact me.

Sincerely,
