State of Idaho License and Certificate of Water Right

Water License No. 19764

Amount .12 c.f.s.

Water District No.

Priority February 12, 1946

THIS IS TO CERTIFY that THOMAS ALAN DUNN OPAL F. DUNN, Assignee of Three Creek, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated February 12, 1946; that Permit No. 19764 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 1.1 second feet, was issued thereunder on January 27, 1947, showing that said works were completed on the 22nd day of January, 1947; and that on the 9th day of November, 1956, OTAL F. DUNN

of Rogerson, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of Cherry Creek, a tributary of Bruneau River, for the purpose of Irrigation and domestic use, under Use Permit No. 19764 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 10 of Licenses at page 6214, on the 19th day of November, 1957. The right hereby confirmed dates from February 12, 1946.

The Point of Diversion is located in the SW 1/4 SE 1/4, Sec. 9, Tp. 16 S, R. 11 E., B. M. County Cwyhee

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed .12 cubic feet per second.

Description and location of use:

Twsp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
16 S.	11 E.	9	SE 1/4 NW 1/4	40	6
Total number of acres irrigated - - -					6

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this 19th day of November, 1957.

(SEAL)

/s/ Mark R. Kulp

State Reclamation Engineer.

 BOISE, IDAHO

Permit No. 19764

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Opal F. Dunn, residence 4.5 miles West of Rogerson, Idaho, occupation stock grower and P. O. Address Rogerson, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting as an individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. The number of my permit is #19764, date of permit February 15th, 1946, date of priority I propose to establish is February 12th, 1946.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The source of water supply is from Cherry Creek and point of diversion is SW-SE-1/4 Section 9, T 16 S - R 11 E.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. On the east side of the 40 right out of the old main ditch. This is the first ditch ever put in for Dunn's land. The old main ditch actually diverted out of Cherry Ck. 3' bottom, 4' top and would carry 200-300 miner's inches. Then I divert out of this into my ditch which has 18" bottom and about 2' deep and about 4' top and will carry more water than I need here. All these ditches are private ditches. The ditch is about 1/2 mile long. The diversion here is rock and sod dam. It is usually taken out each fall and then put back in in the spring for the diversion.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This is used for irrigation and it is all used on SE-1/4 NW-1/4 Section 9, T 16 S - R 11 E. and I irrigate approximately 9 acres in this subdivision. On this land 8 acres of it has been plowed up and seeded and 1 acre of it would be just natural pasture land. All the improvements have been made as a direct result of this permit and for this irrigation use. I have spent approximately \$500.00 in doing this work and getting this water used on the land.

19764

Hand-drawn map on grid paper showing a subdivision. The map includes a dashed line on the left, a solid line on the right, and a central area labeled '6a'. Other labels include 'H2', '500 ft', '100 ft', 'Gate', 'house', 'P.D.', 'Boaton Sisters property', and 'TO THREE CREEK'. A scale bar at the bottom indicates 'Subdivisions = One', 'Area = 6 acres', and 'Q = 6 inches'.

* Public land owned by BLM and the State of Idaho will not be recommended under A51-10347.

** The 6 acres in Sec 9, SENW, are not part of either of the decreed rights 51-00114 or 51-00118. They are licensed in 51-02105 and will be recommended in A51-02105.

*** The 18 acres found in Sec 9, SWSE, are part of decree 51-00114 and license 51-02050. They will be recommended under the decreed right as part of A51-10347, A51-02050 is not needed.

State of Idaho License and Certificate of Water Right

License No. 1976
Applicant's Name
County of Blaine
City of
State of Idaho
The undersigned, State Reclamation Engineer of Idaho, do hereby certify that the applicant has filed a valid application for a license and certificate of water right in accordance with the laws of Idaho, and that the same have been completed on the 19th day of November, 1957, and that on the 19th day of November, 1957, the same have been entered of record in Volume

of the State of Idaho, made prior to the satisfaction of the State Reclamation Engineer of Idaho of the right to use the waters of Cherry Creek, a tributary of Bruneau River, for the purpose of Irrigation and domestic use under Use Permit No. 1976 of the Department of Reclamation, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume of license at page 211, on the 19th day of November, 1957.

The right hereby confirmed dates from February 12, 1946. The Point of Diversion is located at the intersection of the Boise River and the Boise River. The amount of water to which such right is entitled and hereby confirmed for the purposes and is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 12 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	Acres No. Acres Described in Permit	No. Acres Actually Irrigated
10N	12E	6	Section 36	40	40
Total number of acres irrigated				40	40

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this 19th day of November, 1957.

(SEAL) [Signature] State Reclamation Engineer

corporation state its name, principal place of business (if a foreign
postoffice of standard agent) your position (with reference to same) and your

(If for corporation in its behalf)

Address (if an individual)

ues. 3. State number and date of permit and date of priority you propose to establish under

The number of my permit is 19763, date of permit February 15th, 1946, date of
priority I propose to establish is February 12th, 1946.

ues. 4. State source of water supply and give exact location of point of diversion.

The source of water supply is from Cherry Creek and point of diversion is SW SE
Section 9, T.16 S. R.11 E.

ues. 5. Describe your works of diversion and state amount of water they are capable of convey-
ing, point of diversion to place of use, and give name of canal or ditch or other works by which
water is conducted to such place of use. If a well state depth of well, depth and size of casing and depth
water. If pump is used state discharge of pump and tell how it was measured or determined. If sprink-
gation give number and size of nozzles and operating pressure.

In the east side of the 40 right out of the old main ditch. This is the first ditch
ever put in for Dunn's land. The old main ditch actually diverted out of Cherry Cr
bottom, 100 ft top and would carry 200-300 miner's inches. Then I divert out of this
into my ditch which has 18 ft bottom and about 21" deep and about 1 ft top and will carry
more water than I need here. All these ditches are private ditches. The ditch is
about 1/2 mile long. The diversion here is rock and sod dam. It is usually taken
out each fall and then put back in in the spring for the diversion.

ues. 6. State for what purpose water is used and describe place of use. (If for irrigation, name
each subdivision in which used, and number of acres in each subdivision that have actually been irri-
gated with said water. State whether cultivated or natural meadow land and the nature of all improve-
ments which have been made as a direct result of said use.)

This is used for irrigation and it is all used on SE NW Section 9, T.16 S. R.11 E.
and I irrigate approximately 19 acres in this subdivision. On this land 8 acres of it
has been plowed up and seeded and 1 acre of it would be just natural pasture land.
All the improvements have been made as a direct result of this permit and for this
irrigation use. I have spent approximately \$500.00 in doing this work and getting
this water used on the land.
