MEMORANDUM TO FILE

TO: A51-04056A & A51-02125A

FROM: MEL SCHULTE *MS.*

DATE: JUNE 9, 1998

RE: HISTORICAL AND CURRENT USE OF IRRIGATION WATER

In a telephone conversation on this date, I discussed with Mr. I E (Butch) Glineski, Jr the current and historical use of irrigation water on the property he owns appurtenant to the above claims. He informed me that when water is available in Jacks Creek he uses it to irrigate the land East of the creek and there is a sprinkler system in place to deliver the water.

Mr Glineski indicated that he had not used the wells on the West side of Jacks Creek for many years because the volume of water is insufficient to do an adequate job of irrigating. He also indicated that the land was very alkaline and hardly worth farming.

I informed Mr Glineski that I needed some direction from him as to how to recommend the land on the West side of the creek. I also advised him he would have to defend our recommendation if a third party objected to it. He said it was acceptable to him if we recommend irrigation from Jacks Creek for the fields East of Jacks Creek and not recommend any irrigation for the fields West of the creek.

Called claimant to discuss above as this may need to be split, etc. Would have to talk to Mrs. Alinski who wasn't home. I asked her to leave a message for him that I would call back tomorrow at $\approx$ 7:30 am.

1-28-94. I called back ^{at 7:45 am} - talked to Mrs. Alinski. Mr. Alinski unavailable. We discussed the ady claim with well A51-4056. She said the well hadn't been used in a long time. She will have him call me back by 2nd week in Feb. as next week his at Chemigation meetings. I explained if he doesn't get back to me his ~~may stand to lose his~~ stat claim may not be recommended.

1-31-94- Mr. Alinski called today & said he does not think any of the day acreage should be deducted from the 33 acres licensed in the survey. He also stated he does not & has not used the well(s) for over since at least 1980.
