RE: Notice of Claim to Water Right No. A51-02163

Pete Merrick
HC 85, Box 149
Bruneau, ID 83604

Dear Mr. Merrick:

Following our last telephone conversation, I spoke with my supervisor regarding the split of the above referenced Notice of Claim. Unfortunately we could not come up with a way to allow Mr. Ward's split of this claim without allowing the water that was allotted to the irrigation of the acres that were sold.

In 1963 the mandatory permit statute went into effect which only allowed groundwater irrigation of lands if the irrigator received an approved water right to accomplish this. Section 42-222 of Idaho Code enacted the transfer statute which allowed changes such as this if the correct paperwork was filed with our Department. In the Snake River Basin Adjudication expansions of existing water rights and accomplished transfers were allowed to be claimed; however, that has been declared unconstitutional by the judge in Twin Falls and won't be any help to resolve this situation.

The only way we can split the land from the water right would be if the warranty deed or other official document contained a statement that no portion of your water right was sold with the land the well was located on. You may want to review the sale agreement to see if it contained a statement to that effect. If you have any questions in regard to any of this, please feel free to contact me.

Sincerely,

RE: Original Notice of Claim to a Water Right No. A51-02163
Renumbered to Notice of Claim to a Water Right No. A51-02163A

Verna Merrick
HC 85, Box 149
Bruneau, ID 83604

Dear Mrs. Merrick:

We have received and processed a Change of Ownership for a portion of your original claim to a water right as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

KAY WALKER

RE: Notice of Claims to Water Rights in the Snake River Basin
Adjudication

Samuel D. Ward
HC 85, Box 141B
Bruneau, ID 83604

Dear Mr. Ward:

In a review of our records and your warranty deed, which was submitted as evidence of priority for Claim A51-10092, I found that you now own a portion of the land covered under License 51-02163. A claim was submitted on this license by Verna Merrick, who included the lands now owned by you. In order to clear up our records I have prepared a "Notice of Change of Water Right Ownership" form which will "split" your lands from Mrs. Merrick's land description and cover them under a portion of her claim.

In order to "move" the water use of your portion of Mrs. Merrick's claim to the well in the NESWNE, Sec. 3, Twp. 07S, Rge. 04E, we need to know when these lands began using this well. If the water from this well has been used on these lands prior to November 19, 1987, we can assume this is an accomplished transfer and just need some sort of evidence to document our file. If the water from this well has only been used on your lands since you purchased the property we will need to "transfer" this water use to your well. These lands were originally to be irrigated from the well in the SWNWNW, Sec. 3, Twp. 07S, Rge. 04E. Please submit some evidence of when your lands began using this well on or before September 15, 1993. An affidavit from Mrs. Merrick describing when the change began would be acceptable. I have enclosed a couple blank affidavit forms for your convenience. An affidavit from can be submitted by anyone with personal knowledge of when the change occurred.

I have inserted the property description of your lands, described as "Parcel No. 2" attached to your warranty deed, into a computer program which indicated that you own 8.6 acres of land in this parcel. I have inserted this information on the Notice of Change of Water Right Ownership form. If you don't have any problems with this, please sign the form on the line indicated and return it to me.

If you have any questions regarding this information, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker". The signature is written in dark ink and is positioned above the typed name.
