RE: ENLARGEMENT CLAIMS

Hi, Danni!! Here are a couple of enlargement claims that need to be advertised. R51-12892 is a brand new claim received 9/22/98. Rt. R51-10073 is an enlargement that you had previously advertised but I had to change the place of use to comply with IDWR standards. Please submit both of these to the newspaper with a 120 day objection period. We will include both of these in our report to the court but will send NAP to court also so they don't decree them until they hear from us. Thanks! Kay

RE: Notice of Claim to a Water Right No. 51-02192A

Richard Reineke
539 Hill Rd.
Melba, ID 83641

Dear Mr. Reineke:

I am in receipt of the Notice of Error form you submitted in regard to the above referenced claim. Please be advised that I cannot recommend any additional lands under this water right. This water right was originally licensed for 180 acres and 3.6 cfs. You transferred 20 acres of this right to Joe Parkinson in 1993, leaving this right with 160 remaining acres. The proposed recommendation for this claim includes the irrigation of 160 acres and 3.2 cfs which is all the law will allow under this right.

Enclosed is a copy of a letter I sent to you in November of 1993, which describes the process you needed to follow to reinstate lapsed Permit No. 51-07139, which is the right that covered the remainder of your property. Since you have not pursued the reinstatement process, that permit remains lapsed.

The only other option I can offer you is that you file an enlargement claim for the additional land. This claim can be filed with a date of priority that the land was in production. You can only claim this as an enlargement of Licensed Right No. 51-02192A. No additional water can be filed under the enlargement claim for your additional lands. You would be limited to 3.2 cfs and 800 acre feet per annum when both rights were combined which would be slightly less than $\frac{1}{2}$ " per acre for the 325.3 acres you own. I am enclosing a claim form with instructions for your convenience in case you wish to pursue that avenue. Please be advised that all enlargement claims are advertised in the county newspaper and open to protests from other parties. A \$50.00 filing fee and \$1.00 per acre fee will be charged for an enlargement claim.

If you decide to file an enlargement claim for your additional acres we must have that claim submitted no later than September 25, 1998. Our final recommendations are going to the SRBA Judge in Twin Falls on October 7, 1998, and we will need time to process the paperwork for the enlargement claim.

If you have any questions in regard to this matter, please feel free to contact me. If you need assistance in preparing paperwork for submittal, please call and set up an appointment.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with a large loop at the end of the last name.

1. Describe the portion of the proposed recommendation with which you disagree (e.g., priority date, period of use, source). That beneficial use on our property was for 325.3 acres instead of the 160 acres that is shown on the preliminary recommendation of water right.
2. Describe the changes you wish to make in the proposed recommendation: That the 160 acres irrigated water right was actually 325.3 acres minus the 20 acre water right to Joe Parkinson.
3. Give a brief explanation as to why you disagree with these portions:

3. We started the farming project in 1964 and drilled the two wells to irrigate the land. We had sufficient water to irrigate 325 acres. We farmed the land as a family unit - father and two sons. One son died in 1978 and we sold the farm to Jack Post and Darron Fredricks in 1979. We, and also the new owners irrigated 325 acres with the water from the two wells. We repossessed the farm in 1986 and at that time put the property in C.R.P. for the total irrigated acres of 325.3 according to the 1986 ASCS aerial photo showing irrigated acres, which is attached.

RE: NOTICE OF CLAIM NO: A51-02192

Richard &/or Marion F. Reineke
P.O. Box 125
Melba, ID 83641

Dear Mr. Reineke:

Following our telephone conversation last week, I obtained a copy of the ASCS photo of your property that you submitted during the transfer process. I have re-evaluated your water use under A51-02192 and have come up with some new recommendations.

You should be aware that License 51-02192 is the only valid water right on your property and covers only 180 acres. Permit 51-07139 was issued for the use of three wells and the irrigation of 325 acres. An extension of time to complete the project was issued in March of 1984, extending the proof of beneficial due date until March of 1989. In December of 1988 the Department sent correspondence requesting proof of beneficial use of this project and we received no response. The Department lapsed this permit in March of 1989 for failure to submit the proof.

Since this property falls within the Bruneau-Grandview Groundwater Management Area you cannot receive a new water right permit to irrigate the entire 325 acres from groundwater. It may be to your advantage to submit the proof of beneficial use on Permit 51-07139 and request reinstatement of that permit. You would have to submit evidence that shows the permit was developed during the permit period (March 1979 thru March 1989) along with a statement describing good cause why proof wasn't submitted timely. Information showing your lands were accepted into the CRP program in 1988 may be used for a portion of your evidence. If the permit were reinstated at this time you would have a permit with a 1993 priority date that covers the entire 325 acres you have irrigated. Unless you have a surface water source you can apply to appropriate this would be your only means of obtaining water rights for the acres not covered under A51-02192.

Please review the enclosed ASCS photo which identifies the 180 acres that may be recommended under A51-02192. I tried to make my recommendations agree with the way License 51-02192 was issued. If you find that you do not agree with my findings, we need to discuss this at your earliest convenience. Your response must be received by the response date shown above. If no response is received, then the acres irrigated as shown on the enclosed ASCS photo may be recommended.

Sincerely,

Dear Claimants:

We are currently in the process of preparing the above referenced Notice of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning this claim.

I have conducted an in-office examination on your Notice of Claim. To do this I used a 1974 ortho-photo quad map and a copy of the field exam that was conducted in 1969. I believe I have accurately determined the number of irrigated acres, which is slightly less than what was licensed and subsequently claimed. I am sending you a copy of the ortho-photo quad showing the number of acres irrigated and their location.

I also noticed that we have documentation in our file that Marion Reineke is deceased. If you wish to remove his name from this claim, you can accomplish this with the enclosed Notice of Change of Ownership of Water Right form.

Please review the enclosed ortho-photo quad which identifies the lands I found irrigated under your claim. If you find that you do not agree with my findings, we need to resolve this at your earliest convenience. Your response must be received by the response date shown above. If no response is received, then the acres irrigated as shown on the enclosed ortho-photo quad will be recommended.

Sincerely,

KAY WALKER

RE: Application for Transfer of Water Right No. 51-02192

Dear Mr. Parkinson;

I am in receipt of a document titled "AGREEMENT CANCELLING LEASE" signed by you, your wife and Mr. & Mrs. Reineke on January 3, 1992. I have been holding your application for transfer of water right 51-02192 pending a decision on acceptability of moving a water right from outside an established groundwater management area to within the area. In light of the above "AGREEMENT" it now appears that the transfer is no longer necessary. I will use the "AGREEMENT" to reflect your intent to withdraw the application for transfer of right 51-02192.

If you have any questions on this please contact me as soon as possible. My phone number is 327-7947.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jim Johnson'.
