Permit No. R-221This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant E. P. Strickland
 2. Source of water supply: Rodera Lake Creek on Snow Creek
 3. Location of point of diversion: Is in the NE 1/4 of Section 15
E. 15 S. R. 4 E.B.M. County of Owyhee

Describe works as they exist, giving dimensions and capacities of same:

Earth fill dam 495' long x 9' high x 8' crest width. Upstream slope 3:1; downstream slope 2:1. Good heavy riprap upstream face. 2' freeboard. There is a spillway at each end. The east spillway is the main one used; 6' bottom x 10' top x 300' long. The west spillway is approximately 1' higher and seldom used; 10' wide x 200' long. Outlet control is a vertical screw gate with railroad rail uprights supporting catwalk, both in good condition. A new concrete outlet pipe was installed in 1963; 16" diameter.

There is a dyke dam on the SS side of Lake 1/2 mile long with a 12' crest width, 10' high with 3' freeboard; good riprap upstream. No springs or seep on downstream side of either dam.

State whether or not water has been stored in a conduit of diversion: Yes R-221

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

all of Sec. 2, W 1/2, E 1/2, NE 1/4 Sec. 11, Twp. 15 S., Rgn. 4 E.B.M.

RE: BLM LANDS

Mr. Curt Strickland called the office this morning in regard to the BLM lands that are irrigated under this license. He asked me to remove all the BLM lands from his place of use, leaving only the 36 acres that are on private land. He went to the BLM office after leaving here on March 1, 1994. They indicated to him they would protest his claim if he included the BLM irrigated acres as part of his place of use. I told him I would go ahead and remove the BLM lands.

HC 85, Box 106
Bruneau, ID 83604

Dear Claimants:

We are currently in the process of preparing the above referenced Notice of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning this claim.

I have found that of the 705 acres irrigated under this claim, only 36 acres appear to be under private ownership; the remainder appear to be located on lands administered by the Bureau of Land Management. BLM has indicated that they may object to private claims for use of water on lands that are under BLM jurisdiction. In view of this, are you still interested in pursuing the claim for these lands?

You may want to contact BLM and discuss this matter with them if you are not holding a right-of-way or use agreement of some type. We have information in our records that supports the land has been in use since 1921. Therefore, we can recommend your claim as submitted, but we would like to have some information on the authorization for the irrigation of this property.

Your response must be received by this office by the response date shown above. If no response is received, then the above referenced claim may be recommended as submitted and any issues identified by the BLM will be your responsibility. Thank-you for your cooperation. If you should have any questions, or feel that you need help in any way, please feel free to contact me at (208)334-2190.

Sincerely,

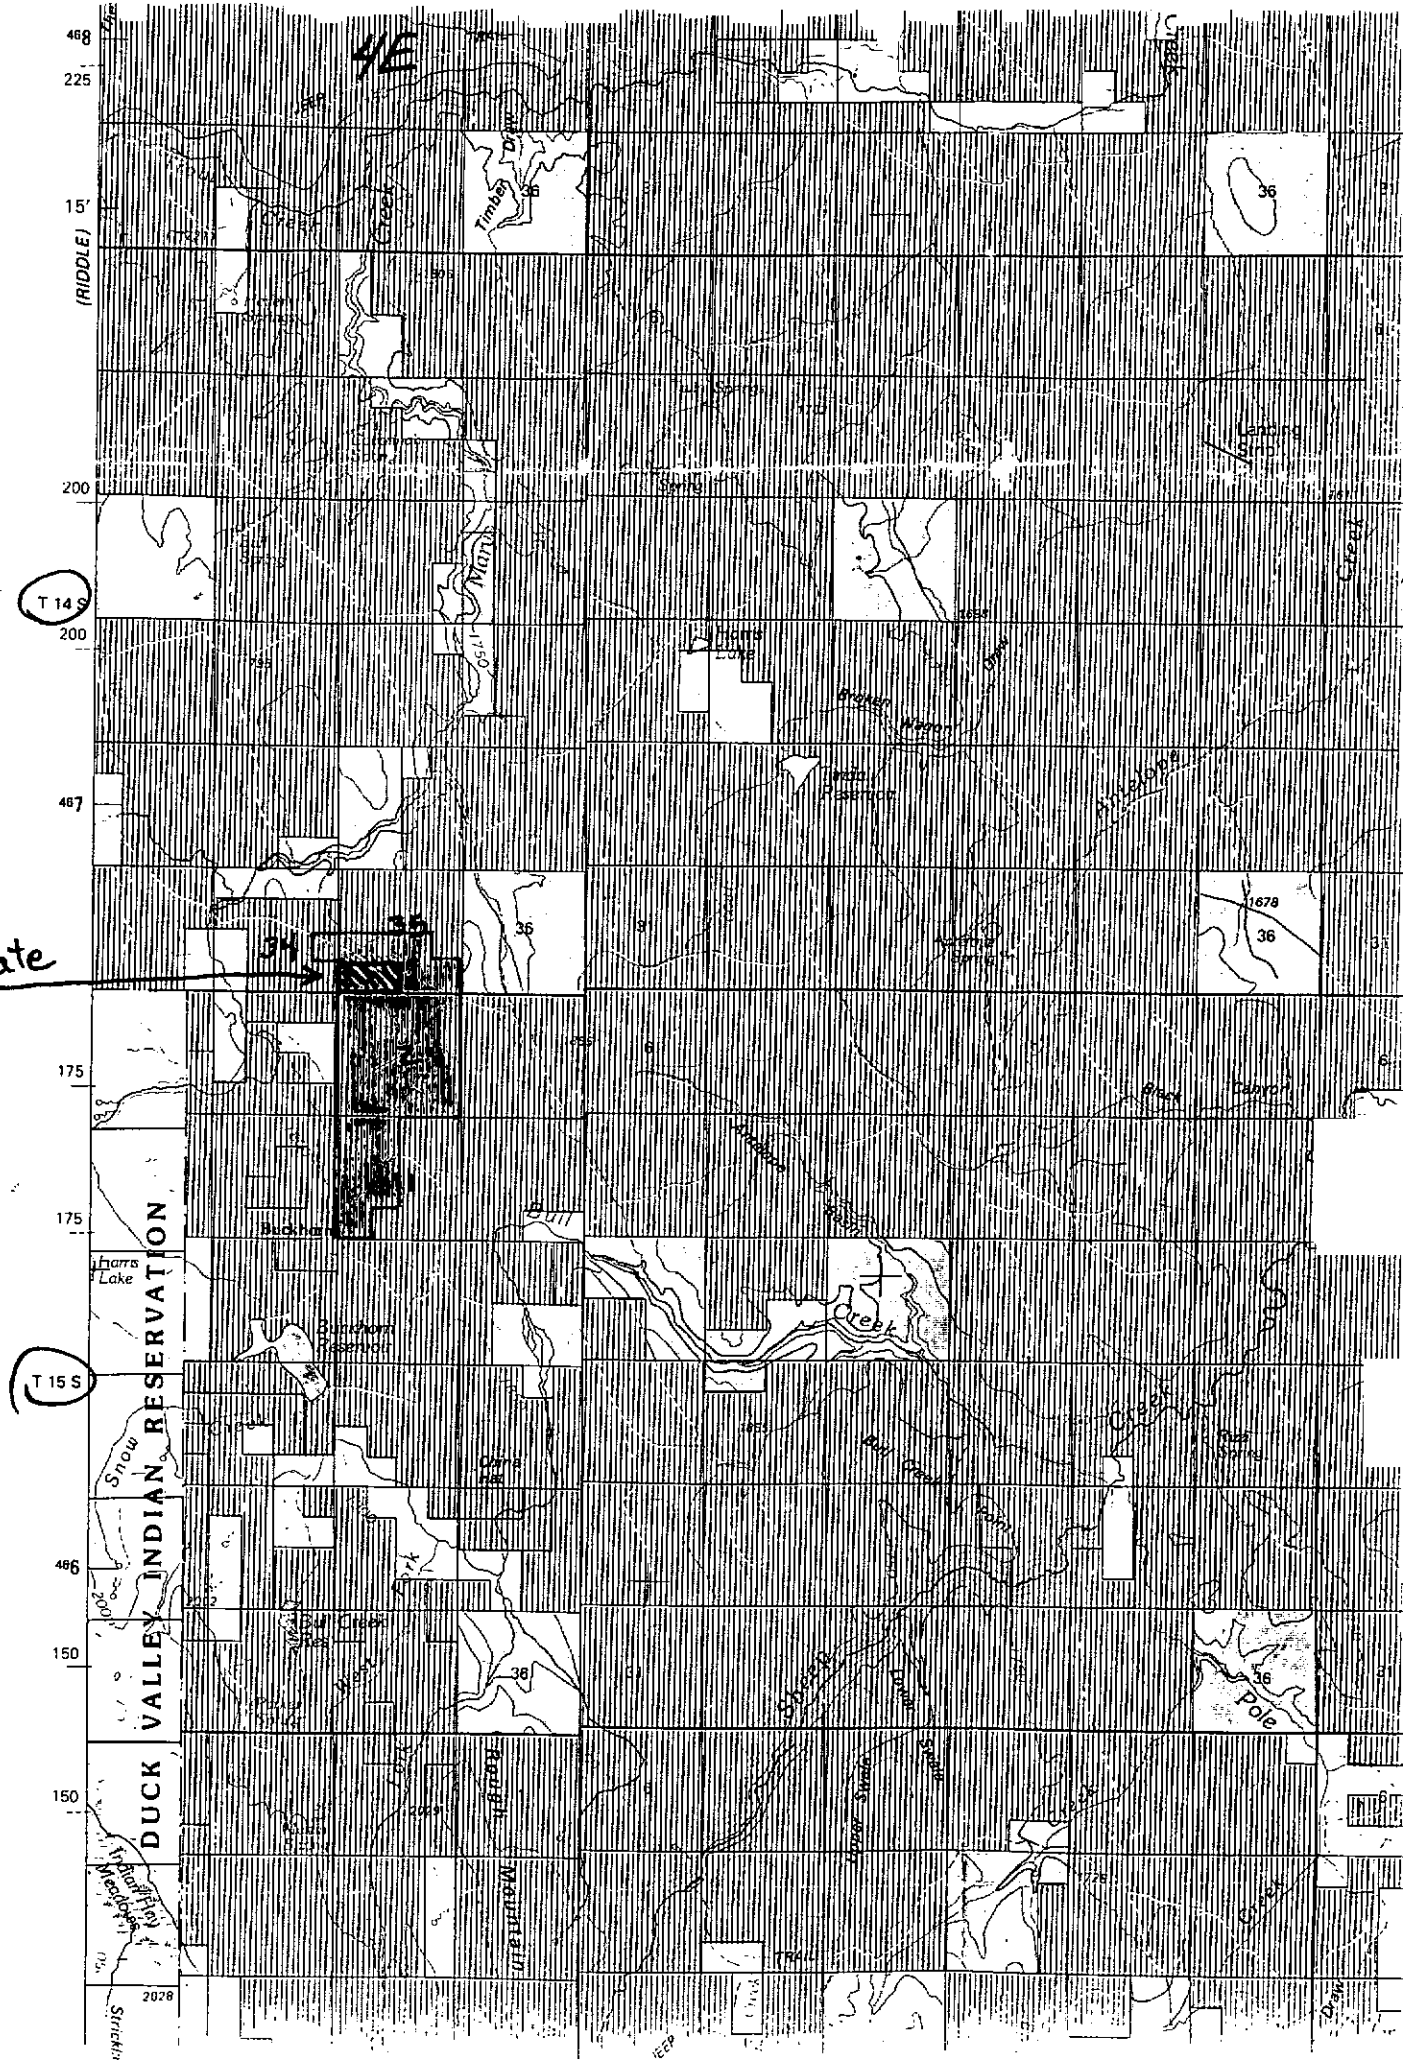

KAY WALKER

TO: FILE A51-02241

FROM: KAY WALKER *KW*

RE: OWNERSHIP OF PLACE OF USE

Upon review of this claim and preparing a recommendation, I happened to look at the Sheep Creek ownership map prepared in 1979 by BLM. All of the place of use under this claim appeared to be under BLM ownership except the S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 35, Twp. 14S, Rge. 04E.

In light of this, I discussed the matter with Don Shaff who said I could contact the BLM realty specialist and find out if there was an agreement for irrigation of the property or a lease of some sort to the Stricklands. I contacted Blackie Bruegman of the Owyhee County Resource Area and asked him if BLM was aware of this use. He asked if he could come over and see exactly what area I was talking about and he did.

I showed Mr. Bruegman the maps, Claim A51-02241, License 51-02241 and overlapping rights that BLM had filed. We also discussed the fact that the Strickland family had licenses dating back to 1921 for the irrigation of this property. Mr. Bruegman stated that the BLM had no knowledge of this system being out there and that they would be contacting the claimant to discuss this matter.

~~Since the claimants do not have possessory interest in most of this property I do not see how I can recommend anything but the irrigation occurring on the private property (i.e. 36 acres within the S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 35, Twp. 14S, Rge. 04E).~~ Mr. Bruegman stated the BLM would protest any recommendations for irrigation of the land under their jurisdiction.
