RE: CORRESPONDENCE OF 11/22/1993

Mr. Stanley Lehmann called the office on December 15, 1993 to discuss my letter of November 22. He says there is very little water wasted to him since use of new irrigation practices above but that he does intend to use any water that is wasted. He also mentioned that some of the wastewater is from rain and spring run-off. In light of this, he plans to amend Claim A51-02443 back to the way the license was issued with a correction to the point of diversion (which was licensed in error). He stated that this land is in the CRP program and when the claim was filed he filed on the way he was using the water at that time.

RE: NOTICE OF CLAIM NO. A51-02443

Stanley &/or Wilda Lehmann &/or Gale W. Conner
2997 S 1600 E
Wendell, ID 83355

Dear Claimants:

We are currently in the process of preparing the above referenced Notice of Claim for court decree in the Snake River Basin Adjudication. During this review certain questions arose concerning the claim listed above.

Our initial investigation of this claim indicates that there has been a change in the purpose of use from irrigation of 420 acres to stockwater for 500 head cattle. This right was originally licensed for the use of waste water from Deadman Creek. A water right owner who has made a change in the use of his right prior to November 19, 1987 may claim this change in the Snake River Basin Adjudication. We may recommend the right as changed, however, only if the change meets certain requirements.

Before your claim can be recommended, you must provide us with the date the change in the use of the water was made and submit some evidence tending to support that date. If the change occurred prior to November 19, 1987, then the date provided must include a month, day and year. If the change occurred after that date then a specific date is not necessary but evidence still needs to be submitted. An information sheet is enclosed that describes the type of evidence that can be used.

Also, I found that the point of diversion of this waste water is the same as the pond on Deadman Creek. Does the waste water from Deadman Creek fill the pond also? Where is the water from the pond used? Please mark the place of use from the waste water source on the enclosed copy of our ortho-photo quad which shows the pond and return it to my attention at your earliest convenience.

Your response must be received in this office by the response date indicated above. If the requested information is not received, then your claim to water for the new purpose will not be recommended to be decreed.

Thank-you for your cooperation. If you should have any questions, or feel that you need help in any way, please feel free to contact me at (208)334-2190.

Sincerely,

License of Water Right No. 31064/47-2372 Priority March 23, 1963 Amount 1.56 cfs

THIS IS TO CERTIFY, that JOHN BLICK & GALE W. CONNER
of Castleford, Idaho, have XXXX complied with the terms and conditions of Permit
No. 31064/47-2372 issued pursuant to Application for Permit dated March 23, 1963
and has submitted proof to the Department of Water Administration on July 18, 1968
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 1.56 cfs of water from waste water from
tributary to the Snake River Deadman Creek, and that the permit holder has applied to a beneficial use &
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from March 15 to Nov. 15	at 1.56 cfs and	757 acre feet or
	from to	at cfs and	4.0 af per acre
	from to	at cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 1.56 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
757 acre feet per year, said waters to be diverted within the SE1/4 of Sec. 16,
