Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.

NOTE: ANOTHER CLAIM THAT WOULD HAVE REQUIRED EVIDENCE OF PRIORITY - CLAIM NO. A51-04005 - HAS HAD AN AFFIDAVIT SUBMITTED FROM ROLLAND K. PATRICK & RUTH C. SMITH TO SUPPORT THE 1915 PRIORITY DATE FOR WATER USE FROM CRAW FISH SPRINGS. THEREFORE, EVIDENCE IS NOT REQUIRED FOR A51-04005.

ROLLAND K. PATRICK, being first duly sworn upon oath, deposes and says:

My father, Karl Patrick, filed on a small parcel of land near Flat Creek in the area known as Crawfish Springs in 1909. He and my mother were married in 1910 and moved to this land where they had built a house. This was their first home. While there they surveyed ditches from both springs to the land adjacent to the house. They used a bench-level for their survey instrument to locate the ditches. The upper spring has a small reservoir that was also constructed by my father.

Some land was cleared and planted to grass, hay, and pasture. The water from these springs was used while my parents lived on this ranch for irrigation of some of the land. The law required that they must irrigate 5 acres out of each 40 acres to acquire title. Fencing and other buildings were part of "prove up" requirements for title to the land.

My parents lived there for several years then sold while prices were high for those days. The new owners did not live there but continued to use the water on the land.

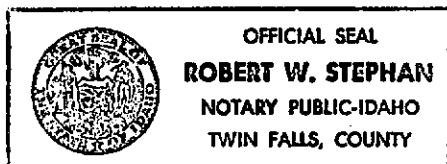

Mr. Whitesides leased the property from the new owners and kept a herd of rodeo horses there. We lived close by at this time and I observed that they also used the water from the Crawfish Springs for this same land. This was in the 1930's.

Al Jewett purchased the property and lived there for several years and used the water from Crawfish Springs to irrigate the land. It was sold in the 1940's to Claude Gordon of Twin Falls. The Bracketts purchased this land and have continued to use the water to irrigate pasture on the Crawfish Ranch.

Dated this 9th day of August, 1982.

Photo: The Jewett Family

In 1902 my maternal grandparents, Jerry and Lina Emery (having known the Conovers in Illinois) came West to work for them. They had two children at the time — Lois and Asa. After working for the Conovers for a time they moved to Cedar Creek. Their ranch was a couple of miles below the Roseworth Reservoir. The road crossing there is still called "Emery Crossing." While at Cedar Creek two more children were born to them — Ted and Nora Edna, who was named for Nora Hartwell, who was the midwife.

Barney Currans and George Mabey were old-timers on Lower Big Flat. George Mabey married Sadie Atkins and they moved to Utah. The George Patrick Family came to the Bruneau and Three Creek Country from Kentucky in 1892. They lived on Lower Flat Creek and Cherry Creek. Their children were: Karl, Clayton, George, Jr., Manuel, Irene, Katie, Rose, Claire, and Callie.

The Big Flat Creek Ranches are now all owned by the Bracketts except what is owned by Walter Wells.

West of the Conway Place is Crawfish Spring. Karl Patrick homesteaded it in 1909. He married Carolyn Hartwell in a double wedding with his sister, Irene and Carolyn's brother, Charles Hartwell, at Three Creek in 1910. Karl and Carolyn were married for almost sixty-five years. He passed away in July of 1975. Karl had killed a cougar at Marlott Trail, before his marriage, and the couple stood on the pelt to be married. It must have been good luck as they had a long married life. They lived on this ranch for a few years, then they moved to other ranches in the country. Their children were: Ruth, Irene, Rolland, and Denny.

May and Al Jewett bought Crawfish Spring Ranch in the early 30's and raised their children there. Their children were: Anna, Harland, Hazel, and Wilma. They sold out and moved to Filer.

After all the creeks come together, the stream is called Clover Creek. It meanders on down and joins the Jarbidge River near Winter Camp Ranch. The first ranch on Clover north of Smith Crossing was called Buck Flat by the old timers. It is now called the "Salls Place" for Jack and Laura Salls, who made their home there for years. The place was homesteaded by DeWitt Walch and his son, Slim. I lived there with my family from 1928 until the fall of 1931. The rattlesnakes were thicker than hair on a dog!
