To whom it may concern:

I David Lahtinen, having resided in Owyhee County and more particularly "Little Valley" south and west of the town of Bruneau for my entire life, and being a next door neighbor to the lands now owned by Lowell Rudge do hear by attest to the irrigation and stock water use of the wells listed as claims # A51-04088 and #A51-10073.

These wells were drilled sometime between 1910 and 1915 as were most of the 4 and 5 inch wells in the area.

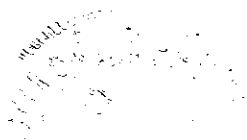

Mr Rudge bought the place in 1961 and put pumps in these wells for the improvement and beneficial use of his property and has continually used these waters since that time.

RE: Notice of Claims to Water Right Nos. A51-04088 & A51-10073

Lowell E. &/or Lilly J. Rudge
HC 85, Box 162
Bruneau, ID 83604

Dear Mr. and Mrs. Rudge:

We are currently in the process of preparing the above referenced Notice of Claims for court decree in the Snake River Basin Adjudication.

Claim No. A51-04088

This claim was filed based on beneficial use of water dating back to January 1, 1954. This claim is for the irrigation of 40 acres from three wells located in the NENE, Sec. 24, Twp. 07S, Rge. 04E.

Claim No. A51-10073

This claim was filed based on beneficial use of water dating back to March 15, 1974. This claim was filed as an expansion of claim A51-04088, irrigating an additional 20 acres from your wells.

On January 28, 1993, we sent you a letter requesting evidence of priority for these claims. This evidence was to be submitted by March 15, 1993. As of this date, we have not received any information regarding the priority dates claimed.

Before the Department can make a recommendation to the Court for decree of these claims, some evidence of the priority date claimed must be submitted. Again we are enclosing a brochure outlining types of evidence you may submit. If we do not receive the requested information, these claims will be recommended for disallow due to lack of evidence supporting any priority date. Please submit the requested information on or before June 15, 1993. If you should have any questions, or feel that you need help in any way, please feel free to contact me at (208)334-2190.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

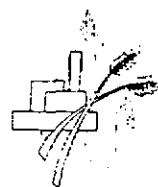

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.
