Re: Office Visit with Mr. Lahtinen

In response to proposed recommendations for the above referenced claim Mr. Lahtinen came into the office with his requests for modifications of his claims. In response to the recommendations for disallow of this claim he stated:

The house located in SWSWSW, Sec. 18 had burned down and will be replaced with a trailer. The house in SESW, S18 is his son's home.

Mr. Lahtinen amended this claim after discussing water uses with Dave Tuthill in November of 1994. He withdrew an application for permit that he had filed in light of the fact that the water uses on the application were existing and were covered under this claim. Application No. 51-07280 was filed for irrigation, domestic and stockwater purposes.

RE: Notice of Claim to a Water Right No. A51-04093

David Lahtinen
Rt. B, Box 167A
Bruneau, ID 83604

Dear Mr. Lahtinen:

Enclosed is an amended claim form which adds three homes to Claim No. A51-04093, pursuant to your visit with Dave Tuthill on November 14, 1994. It is my understanding that the three homes you are adding are old homesteads, or stage stops, that were in existence prior to 1910. Please review the enclosed amended claim form, mark where the homes are located on the attached map, and, if you agree with the changes made, sign the form in the presence of a notary public and return it to me. Please note the only changes made to the claim were under items 6, 9, and 10.

If I have not amended the form as you wanted it, please feel free to contact me and I'll prepare another one.

Sincerely,

A handwritten signature in cursive script that reads 'Kay Walker'.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
