Please change 307 to the 320 it should be

3. Give a brief explanation as to why you disagree with these portions:

We earned & paid for 320 acres and the water rights to the
I'm in the process of selling and this certainly lowers the financial
worth of the farm. These are old water rights which should be

Steve - Have you
seen this
transfer? *Jai*

Looking at the new water right listing I get in the routing, I am confused on this one but do not want a reply. I only want to send up a precautionary flag. The As & Bs, at least for 51-07052 were last hit on the WR side in 1992; the claims, unsplit, in '88. Further on WR the As show Davis, the Bs Joyce Livestock. I will presume all of this is dissected and resolved in the region review before THE STATE OFFICE gets to process this transfer.
Thanks

*Per call to Pam @ SO - Trans. - JZ
proposes to return "B" portions back to original P/U

not be processed for awhile due to current transfer

RE: OWNERSHIP

Susan Davis called the office this morning to find out the status of her rights as referenced above. The claims were filed and are in our records as Ms. Davis claimed them. The water rights were split by Transfer No. 3760 when she leased water to Joyce Livestock. An approval condition on the transfer said a transfer had to be filed to move the water back to it's original place of use. I relayed this information to Ms. Davis and when she had additional questions regarding the transfer to put the water back to original place of use, I gave her Jim Johnson's number to contact with those questions.
