RE: Snake River Basin Adjudication (SRBA)
Notice(s) of Claim #A51-10060, A51-10061 &
A51-10062

Dear Mr. Campbell:

We have been notified by the Bruneau postmistress the ownership of the Notices of Claim referenced above may have changed due to the death of Frankie J. Campbell. If this is the case, and you still own the property and would prefer to have Frankie's name removed from our records, we must have form 42-1409(7) completed and returned to this office with a copy of the death certificate before we can modify our records. If you have sold or conveyed the property to another party, form 42-1409(7) is still necessary, but the death certificate copy is not necessary or required. Enclosed is form 42-1409(7) for your possible use.

Please contact this office toll-free at 1/800-451-4129 if you have any questions or concerns.

Sincerely,

Idaho Department of Water Resources

FROM: KAY WALKER

RE: CORRESPONDENCE OF 5/21/1993

Mr. Campbell called the office this morning in response to my letter requesting more information on the claimed priority dates vs. the evidence of priority received.

Mr. Campbell stated that: the well under Claim A51-10060^{was} drilled in 1959 & replaced an original well which may have been developed around 1905, it was originally connected the the old mercantile and was being used at the original mercantile until the new store was built in 1969. Mr. Campbell had no way to get evidence back to the original development date he said.

There was never an artesian well on Mr. Campbell's property that he is aware of.

He did not provide any new information in regard to Claim A51-10061.

Mr. Campbell said he would be available for the field examination whenever I was out there. He said he is usually working at the Valley Merc.

one-stop. per
mr. Campbell*

Dear Claimants:

We are currently in the process of preparing the above referenced Notices of Claim for court decree in the Snake River Basin Adjudication. In a review of your claims and the evidence of priority submitted, I find that I need more information in regard to the priority dates.

Claim No. A51-10060

This claim was filed for the use of a well for a mercantile store and laundry mat, claiming the priority date as January 1, 1959. In the evidence you submitted, the statement says the well was drilled in 1959 but the use was not developed until March of 1969. Was the well used between 1959 and 1969? If so, what was it used for?

Hooked to old store, new store hooked up in 1969.
I understand that you used to have an artesian well (located behind the post office) for use in the store, but it is no longer in use. Was a new well drilled to replace the artesian well? *Never had artesian well - city water system.*

Claim No. A51-10061

This claim was filed with a priority date of January 1, 1962 for use of a well in one home, a motel and irrigation of one acre. Where did you come up with the 1962 priority date? The evidence submitted says the use was not developed until 1972.

Please be advised that your wells are located in the Bruneau Grandview Groundwater Management Area which was established in October of 1982. You should also be aware that on March 25, 1963, a groundwater statute requiring that any new use of water from a groundwater source must have an application for permit filed and approved prior to any diversion of the water, went into effect. There are some water uses exempted from this filing requirement, however, the water uses you have claimed did require a permit filing. If you cannot provide evidence of the use of water prior to March 25, 1963, we will either have to disallow or considerably reduce these claims. Any additional evidence of priority you can come up with would be to your advantage.

I need to conduct a field examination of these claims this summer. This examination will include the verification of the source of water, type of usage, amount of water used and the legal descriptions of the point of diversion and place of use. If there is a time that would be convenient for you to accompany me during this examination, please contact me and we will set up an appointment. We can discuss the priority dates of these claims at that time. If you have any questions in regard to the above, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker". The signature is written in dark ink and is positioned above the typed name.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
