Re: IRRIGATION OF FISH & GAME LANDS

I went out to visit the Fish and Game Lands claimed on September 2, 1998 after receiving the Notice of Errors they submitted in response to my proposed recommendations. I met with Dick Orcutt of the Bruneau Fish and Game office. He took me out to the property located in the SE1/4, Sec. 31, T06S, R06E.

The land shown to me in SE1/4, Sec. 31, T06S, R06E was being irrigated and had crops growing on it. I will re-evaluate my recommendations for that property.

Since the land shown to me on September 2, was not the entire property, I obtained a 1995 ASCS photo of the entire property. I could not see any more lands irrigated as found in the SE1/4, S31. I called Dick Orcutt this morning and discussed this with him. He stated that all the property claimed is irrigated. The lands over and above the SE1/4, Sec. 31 are irrigated to produce natural grasses for grazing, wildlife cover, etc. These lands do not appear as other irrigated lands in the area because the fields are not plowed or worked as most irrigated lands. However, according to Mr. Orcutt, the use on these lands could not happen if they did not irrigate. In regard to this, I will re-evaluate all the claims submitted and prepare recommendations for decree.

Re: Proof of priority dates for beneficial use claim no.s A51-10165, A51-10166, A51-10169 and A51-10279.

Dear Ron:

I have enclosed four affidavits by Mr. Grant Strickland as additional proof of priority dates for the above-referenced beneficial use claims in basin 51. Note that the affidavits described the lands as T65 rather than T6S and I presume that it is a typographical error. If you have any questions regarding these affidavits, please contact me at 334-2597. Thanks in advance for your attention to this matter.

AFFIDAVIT

I, Grant Strickland, a retired rancher have lived in the Bruneau, Valley since 1911. I am familiar with the Bruneau River and Southside canal diversion located as follows T75, R6E, Section 5 1/4 of SW 1/4 of SE1/4 Owyhee Co

I have personal knowledge of water being used from that diversion for irrigation and stockwater purposes, as early as 1917. I support the date of priority Feb. 15, 1925 as stated on the Notice of Claim to a water right No. A51-10169.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.

RE: CONTACT PEOPLE FOR FIELD EXAMINATIONS

Cindy Robertson of the Dept. of Fish and Game has reviewed the copies of the claims they obtained ownership of (originally in the name of Albert Harley) and called me today about these claims. We discussed her questions and she gave me the phone numbers of contacts for our field examinations.

The number one contact is:
Tom Parker 334-2920

If he is not available we can ask for Cindy:
Cindy Robertson 334-2597

They will, in turn, contact the field representative who will be showing us the water systems. It will most likely be Dick Orcutt who is the C.J. Strike area manager.
