Dear Mr. Hedges:

We are in receipt of the Notice of Error submitted in regard to the above referenced claim. In order for us to change the name from Crop Production Services Inc. to Western Farm Serv we must have some sort of documentation to show this change. Enclosed is a "Notice of Change of Water Right Ownership" form which explains what type of documentation we need to complete this change. Please complete the form, attach the documentation showing this change in ownership, and return it to my attention at your earliest convenience.

Please feel free to contact me if you have any questions in regard to this matter.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker".

RE: Notice of Claim to a Water Right No. A51-10174

Crop Production Services, Inc.
ATTN: Don Hedges, Manager
P.O. Box 185
Bruneau, ID 83604

Dear Mr. Hedges:

A field examination was conducted on this claim to verify the water right information. In order to recommend the claim to the court we need to make some changes. Due to the priority date of this system we can only recommend this claim for a domestic use.

Enclosed are two computer generated copies of this claim. One copy is the claim as it was filed by you in the Snake River Basin Adjudication. This claim has an Identification No. A51-10174 (upper right-hand corner of page one). The other copy reflects the changes to be recommended to the Court and is Identification No. R51-10174. The highlighted items are the items that have been changed as a result of our field exam. The amount of water to be recommended is approximately 9 gallons per minute and the volume of water will be limited to 2,500 gallons per day. If you wish, you can amend this claim to show 0.04 cfs, which would be approximately 18 gallons per minute, however, the volume will still be limited to 2,500 gallons per day.

Please review these changes and if you disagree with any of them, you must contact us by the response date listed at the top of this letter. If you do not respond by this date, we will assume you agree with our findings and this claim will be recommended to the court with the changes shown.

Thank-you for your cooperation. If you should have any questions, or feel that you need help in any way, please feel free to contact me at (208) 334-2190.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

Re: Claim No(s). A51-10174

CECIL D. ANDRUS
GOVERNOR

R. KEITH HIGGINSON
DIRECTOR

PUREGRO CO
BOX 185
BRUNEAU ID 83604

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
