RE: Notice of Claims to Water Rights for Hot Springs Ditch Company

Hot Springs Ditch Company  
C/o George Turner  
HC 85, Box 123  
Bruneau, ID 83604

Dear Mr. Turner:

In a final review of the lands recommended under the Hot Springs Ditch Company, I found I had included Mr. Prow's lands that are covered under his decreed Bruneau River rights. Since these lands are already covered at the full amount allowed by the Brockway report I have removed 79 acres from the ditch company's recommendation, leaving 894 acres under the ditch company's claims with a total of 48.94 cfs in daily needs and 7.0 cfs in conveyance loss.

We have also been instructed to remove the place of use description by township, range and section from the ditch company's claims. The remark stating: "Use of this rights with the rights listed below is limited to the irrigation of a combined total of 894 acres within the boundaries of the Hot Springs Ditch Company in a single irrigation season",,, is the only description that is to be included on these claims in regard to the place of use.

Enclosed, for your information, are updated profile reports showing the recommendations I plan to submit to the Judge. If you have any questions or comments in regard to the changes I have made, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Kay'.

Dear Mr. Turner:

Enclosed are the revised recommendations on the Hot Springs Ditch Company claims. Please note that I have adjusted the recommendations on the claims you submitted amended claims for. I have also changed the remark on each of the claims to show the 972 acres are within the boundaries of the ditch company.

I have highlighted the changes on each of the enclosed profile reports. I will be working on getting a new map of the ditch company prepared. If you have any questions please do not hesitate to contact me.

Sincerely,

Re: Hot Springs Ditch Co. Evidence of Priority

=====

Mable (1-845-2143), of Hot Springs Ditch Co., called today in reference to your request for evidence of priority. I looked at the claims and discovered that several of them are based on previously decreed rights:

A51-10254: Claims in-stream stockwatering, priority claimed is one day after the decree

A51-10255: Claims ditch loss for decreed right 51-00009

A51-10256: Claims ditch loss for decreed right 51-00010

~~A51-10257~~: Claims ditch loss for decreed right 51-00011

A51-10262: Claims flood water, priority claimed is one day after the decree

I told her that at this time, she does not need to provide evidence for these claims...My thinking is that the evidence is the decree itself and the decreed rights have been claimed.

There are four rights that she understands still need evidence: A51-10258, A51-10259, A51-10260 and A51-10261...these are all Beneficial Use rights for increases in irrigated acres. Please let me know if you don't agree, I can call her back and explain further.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
