MEMORANDUM

Date: June 13, 1996
From: Jim Johnson
To: Water Allocation Bureau
Regional Offices
Subject: MUNICIPAL WATER USE LEGISLATION

*APMID- MEMO C
New Muni. legislation
to follow
soon*

=====

The 1996 Legislature passed Senate Bill 1535 which will go into affect on July 1, 1996. This legislation amended three existing Title 42 sections and created a new section.

The general purpose of this legislation was to provide clairfication of Municipal water use. Included with the legislation was a creation of a new section, 42-202B, which defined six municipal related terms and changes to four existing Chapter 2 sections. These the new section and changes are futher described below.

The new section, 42-203B, provides the following.

42-202B. DEFINITIONS. Whenever used in this chapter, the term:

(1) "Municipality" means a city incorporated under section 50-102, Idaho Code; a county; or the state of Idaho acting through a department or institution.

(2) "Municipal provider" means: (a) a municipality that provides water for municipal purposes to its residents and other users within its service area; (b) any corporation or association holding a franchise to supply water for municipal purposes, or a political subdivision of the state of Idaho authorized to supply water for municipal purposes, and which does supply water, for municipal purposes to users within its service area; or (c) a corporation or association which supplies water for municipal purposes through a water system regulated by the state of Idaho as a "public water supply" as described in section 39-103(15), Idaho Code.

(3) "Municipal purposes" refers to water for residential, commercial, industrial, irrigation of parks and open space, and related purposes, excluding use of water from geothermal sources for heating, which a municipal provider is entitled or obligated to supply to all those users within a service area, including those located outside the boundaries of a municipality served by a municipal provider.

(4) "Planning horizon" refers to the length of time that the department determines is

above are on the system. The Valley Trac & the Landmark are

also on the system; (these users also have their own wells, as per

K. Walker, IDWR, who is responsible for those claims). Ms. Welch said (09/29/1993)

that everyone in town is on system, excluding above Guteroo Ditch.

Owens Office (02) is annexed in. Homes across from the school are the
last ones in the system to the north. Includes park & school.
